Go on new jail

A new Madison County jail now looms as a bright possibility, following the opening of construction bids Wednesday afternoon.

Complex bid documents are still being analyzed, but it appears that a 76-cell jail can be built in Edwardsville for about \$2,800,000 or a 108-cell structure for about \$4,200,000.

The larger size is considered to be needed to replace the present century-old jail. The county has a \$4 million bond issue fund available, and there is speculation that some federal government shared revenue might be added by the county government.

The Buildings Committee will confer on the bids next Wednesday evening, Sept. 14, and will submit its recommendation to the Madison County Board Sept. 21.

S. M. Wilson & Co., Granite City contractors, bid \$1,735,000 on a 76-cell jail, the basic phase of the general bid competition.

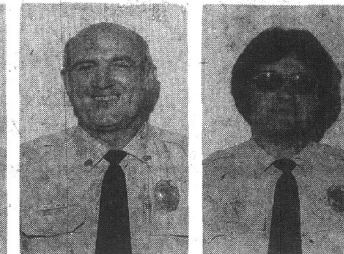

There were four separate categories—for general construction, electrical work, plumbing work and heating-ventilating-air conditioning.

Wilson proposed to handle all four basic tasks for \$2,830,000. The \$1,735,000 low bid figure compares with \$1,866,973 by L. Wolf Co., Granite City, \$1,869,974 by J. J. Altman, East St. Louis, \$2,108,622 by Hellrung Construction, Alton, and \$2,980,840 by Williams Construction, Freeburg.

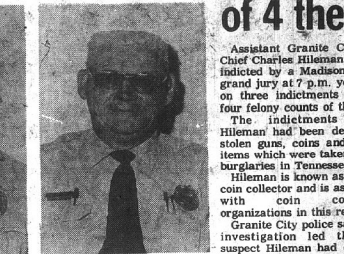

Inclusion of the added 32 cells to make a 108-cell facility is considered the first alternative. Other alternatives also were included in the documents, and various combinations are to be studied.

ROBERT ASTORIAN
New captain

MIKE DEVINE
Named lieutenant

LEO WILLIS
Now a lieutenant

RON SELPH
New sergeant

JOSEPH KASTELIC
Promoted to sergeant

5 promoted, 3 new police

Five Granite City police officers received promotions and three new probationary patrolmen were appointed to the department by action of the Granite City Council Tuesday night.

Two officer vacancies were created by the recent retirement of Detective Capt. William Condis and the disability pension given to Lt. Richard Woods.

Candidates were selected to fill the vacancies after testing by the Granite City Board of Fire and Police Commissioners.

Promoted to captain in charge of the detective division was Lt. Robert Astorian. Promoted to lieutenant to fill Woods' vacancy was Sgt. Leo Willis and promoted to the lieutenant position left by Astorian was Sgt. Mike Devine. Patrolman Ron Selph was promoted to sergeant in the patrol division and Patrolman Joseph Kastelic was named sergeant and will serve in the service division where he will handle supplies, court dockets and internal matters under Capt. Frances McManis.

Three former police dispatchers, who were employed under the Manpower program, were appointed probationary patrolmen on the recommendations of the Board of Fire and Police Commissioners.

Probationary patrolmen are Tim Lyster, Kenny Crawford and David Ruebhausen.

All of the recommendations were made to the council by Weldon Burch, chairman of the fire and police commissioners. The appointments and promotions were made retroactive to Sept. 1.

Meet to resolve tax levy problems

By HARRY BARNES
Press-Record Staff Writer

The Granite City Council refused Tuesday night to place on final passage a new 1977-78 tax levy that would have increased next year's city tax rate by an estimated 21 cents per \$100 assessed valuation.

Instead, the aldermen placed the levy measure on first reading and called a special meeting for 7 p.m. Monday, Sept. 12, to resolve problems that have raised the levy to a record high this year.

The levy, based on a 1977-78 budget of \$7,586,109, the highest in the city's history, calls for a total tax extension of \$2,667,220 for collection next summer.

The new levy is \$354,727 higher than last year's extension of \$2,331,498 under which Granite Cityans paid corporate taxes this year.

Council members failed to place the levy on final passage

by a 9 to 5 vote, with all 14 members of the council present. A minimum of ten votes, or two-thirds of the council membership, is required to approve a motion to suspend the rules for final passage of an ordinance in the same meeting it is presented.

The action came after several aldermen said they would not vote in favor of the levy because of the projected 21-cent increase in next year's tax rate, and Mayor Paul Schuler told the council he would veto the measure "if it is passed in its present form."

The controversy over the tax levy this year results from an Illinois State Department of Insurance mandate that Granite City provide full funding this year for the fire and police pension accounts.

George Filcoff, city attorney, said this funding requires a levy of \$300,000 in each of the two pension accounts, a substantial increase from the amount the city has been levying for those purposes in past years.

The new levy of \$300,000 in the police pension account compares with \$101,007 levied last year (an increase of \$198,993) and the new \$300,000 levy for fire pensions compares with a \$144,646 levy last year (an increase of \$155,354).

These increases total \$354,347, accounting for all of the increase in the tax levy.

Fred Schuman, alderman of Ward Two and a member of the Finance Committee, has

School tax same as estimate, new budget increased

Pay agreements and other cost adjustments led to adoption Tuesday night of a \$23,515,884 Granite City school budget, compared to the \$23,006,458 projected tentatively last month for 1977-78. The 1977-78 budget was \$22,869,971.

But board members decided to adopt the same \$23,515,884 tax levy announced as likely on Aug. 2. It is a \$65,696 rise over the previous year's property levy of \$8,279,646.

The Board of Education levied \$8,247,500 for the education fund (\$5,788,323 extended a year ago); \$918,750 for operations, building and maintenance; (\$844,007); \$294,000 for transportation (\$270,175); \$705,000 for municipal retirement (\$642,190); \$122,500 for fire prevention and safety, new this

year; and \$122,500 for working cash, also a new levy.

County officials will extend a bond and interest levy of \$813,094 (\$784,850).

No levies were voted Tuesday night by School District Nine for community college costs, rental of state facilities, tuition or liability insurance.

Final 1977-78 budget figures voted were \$19,634,644 for education, up \$231,364 from 1976-77; \$1,307,650 for operations, building and maintenance, up \$121,650; \$1,092,260 for bonds and interest, up \$5,220; \$835,630 for transportation, up \$152,869; and \$845,500 for Illinois Municipal retirement, up \$44,500 an aggregate increase of \$445,713 compared to the 1976-77 budget.

The newly tallied compares with

Deputy indicted

A Madison County grand jury yesterday evening indicted Madison County Sheriff's Deputy Larry Bull on two felony theft charges for allegedly purchasing television sets stolen from Bert's Audio-TV Showroom in Granite City.

The grand jury also indicted E. C. Valley, Alton, on two counts of possession of stolen property from the same investigation.

Other deputies have alleged that Bull, a detective, purchased stolen television sets on two occasions from Robert M. Gayan, 30, Godfrey.

Gayan was indicted Aug. 1 on theft charges in connection with the thefts of about 100,000 worth of television sets, stereos, citizens' band radios and other

equipment from the Bert's store at 1910 Delmar Ave., on at least two occasions in June.

Also indicted on charges of theft in the case are Kenneth W. Stover, 20, Alton, four counts; Gary L. Rainey, 20, Alton, two counts; and Mark McManis, 22, Godfrey, two counts. (Continued on Page 9)

CHARLES HILEMAN

Legislators debate

(27th of a series on politics in Madison County)

How does a legislator keep in contact with voters in between election campaigns and in between the General Assembly sessions at Springfield?

Aside from mailings and the operation of district offices, state representatives and senators attend an enormous number of meetings of various kinds, such as yesterday's prayer breakfast at Charlie's Restaurant, hosted by Granite City Rotarians.

Talks, a question-and-answer session and a bit of genial debating involving Representatives Everett Steele, Joe Lucio and Jim McPike focused attention on local concern over welfare waste.

The state is making substantial net payments for public aid recipients here without cracking down on "slum lords" and defective, rough-infested living quarters the legislators were told. They agreed to try to obtain remedies.

Widespread fraud — in-

cluding inappropriate unemployment pay, and assistance checks that don't take into account other income — were alleged during an hour-long discussion.

Rep. Lucio cited his efforts as vice-chairman of a state energy panel to encourage coal blending, a proposed way of achieving environmentally-sound fuel.

He urged flexibility and compromise but no alteration of principles in General Assembly deliberations. He said he voted for legalization of Laetrile, a stand opposed by McPike as lulling cancer patients into delaying chemotherapy and other recognized treatment.

The three legislators were challenged to weigh the Illinois business climate in all their lawmaking decisions, on the basis that private industry jobs are a key element of a region's prosperity.

Lucio said there was a deal between the Republican governor and Chicago Democrats, under which executive branch budget

recommendations were followed and Chicago obtained "cross-town expressway" highway approval.

Steele noted that many Downstate legislators cast key votes in achieving a balanced budget, and stressed that an expressway segment will free a backlog of federal road funds while also leaving Downstate areas with extensive highway authorizations for next year.

He cited state school funding in Illinois as second highest of the 50 states, while Lucio said basic grants are too low and there is heavy emphasis on categorical school aid to areas like Chicago and East St. Louis.

Steele noted enactment of a death penalty law, a new law requiring choking-aid signs in restaurants, generic drug substitutions under specific conditions to ease senior citizens' costs, and a new law under which out-of-state trucks will pay an added \$8 million to Illinois government annually.

Legislators present included Comptroller Michael Bakalis

Quantity buying, inventory system

Among these was a provision that premiums on employee insurance be paid by the city only during the current year and that the employee assume that cost thereafter. Bowler said that provision was included in the committee's program at the suggestion of Seventh Ward Alderman Ronald Coleman.

The committee made its suggestions in two reports distributed to council members with a request by Bowler that they study the steps outlined in the documents so that they can be prepared to discuss the committee's suggestions at a regular meeting on Tuesday, Sept. 20.

In reference to a central inventory system, one of the committee's reports said: "It will be necessary for each department to complete a comprehensive inventory list of all existing supplies and equipment under his control and to submit such list to the Finance Committee at the next meeting of the council on or before Oct. 1, 1977."

"In addition to the inventory list, a list of estimated need for supplies and equipment for the year beginning May 1, 1978, should be submitted showing an itemized breakdown."

"After these items are furnished, all similar items will be consolidated and advertisement for bids by the city clerk will commence immediately. The intention of this whole procedure is to receive bids on a larger scale than the centralized purchasing power can lower the cost of purchases overall, resulting in less expense for the city."

The central inventory plan also is included as one of five proposed equipment steps in the committee's second report, which said:

In response to a petition and objections from Lueders Park Subdivision residents to proposed advertising signs around the Granite City High School South baseball-soccer complex, the Granite City Board of Education Tuesday night rescinded its July 19 approval of the plan and formed a committee to study alternate ways to raise funds for field lights.

At the July 19 meeting, the board gave permission to the residents of the Fighting Warriors to erect 42 advertising signs, four by eight feet each, along the chain-link fence facing Fehling Road. Revenue from the signs would be used to finance lights for the baseball and soccer fields.

A group of about 31 persons representing the Boosters and Lueders Park Subdivision residents attended Tuesday night's Board of Education meeting to express their views on the issue.

Subdivision residents objected to commercializing school property, placing advertising signs where they would have to look at them from front doorways, blocking drivers' views at the Fehling Road curve, and setting a precedent for future commercialization of school property by other groups.

Leo Manogian, 3233 Fehling Road, served as a spokesman for objectors at the meeting and read letters to the board and to the Boosters Club asking both to reconsider. He also presented a petition bearing 277 signatures opposed to the advertising signs.

The letter to the Boosters warns of vandalism and graffiti to the signs, lower property values and traffic hazards. It contends the goal of providing field lighting is a good one, but adds, "The method of financing is in error."

The letter to the board read by Manogian requested the board's previous action be rescinded and contended the schools "should not be in the advertising business."

Franz Feigl, president of the Boosters, told the board he is pleased with improvements the Boosters have added at the South soccer-baseball complex but lighting now is needed.

He presented a sign to the board of the same size and quality proposed for the advertising signs. The sign presented showed a baseball field.

Steel volume, efficiency linked

(Sixth of a series)

A rapid growth in steel output in both Europe and Japan has enabled producers in these areas of the world to bring on large-scale production facilities at a time when such facilities have yielded significant labor and material efficiencies.

In the U.S., by contrast, a large percentage of the capacity needed for the next 20 years was already in place by the late 1950s, so modernization since then has depended more on the replacement of older facilities than on net capacity additions.

As a result, foreign producers have been able to substantially narrow the large lead once enjoyed by the U.S. steel industry in material and labor efficiency.

Using labor productivity as one measure of efficiency, Japanese and West German producers have greatly narrowed the gap between themselves and U.S. producers.

Some observers believe that these trends show that the U.S. steel industry has been inefficient and too slow to modernize. A more plausible conclusion, however, is simply that

foreign producers have been growing faster and have started from a smaller base.

Accordingly, the amount of new capacity installed in a facility has been greater, both in absolute terms and in relation to the existing stock of capacity in Japan and Europe than in the U.S.

For example, if one assumes that the minimum efficient size for a modern integrated steel facility is about four million production tons, then the rate of production growth in Japan since 1960 would have permitted

Weather outlook for this region

Sunny, humid and warm today with high near 90. Fair and humid tonight. Low in upper 60s. Partly cloudy Friday with chance of thunderstorms. Continued warm and humid. High about 90. Saturday through Monday, slight chance of thunderstorms. Saturday and Sunday; otherwise near normal temperatures. High in the 80s and low in the 60s during the period.

MARRIED. Mrs. John Haug who was married in a morning ceremony at St. Margaret Mary Catholic Church. Formerly Miss Denise Marie Baker, the bride is a daughter of Mr. and Mrs. Dennis Baker, 2428 St. Clair Ave.

Denise Marie Baker and John J. Haug are wed

St. Margaret Mary Catholic Church was the scene of the wedding on Sept. 3 of Miss Denise Marie Baker, a daughter of Mr. and Mrs. Dennis Baker, 2428 St. Clair Ave., and John Joseph Haug, a son of Mr. and Mrs. Alfred Haug, 21 Shirwin Drive.

Father Edward Groesch officiated at the 10 a.m. ceremony. Immediately following the service a luncheon reception was held for members of the immediate families at Charlie's Restaurant, hosted by the bride's parents.

Attending the bridal couple were Miss Melinda Stevens, as maid of honor, and Chris Rains who served as best man.

The bride is a 1977 graduate of Granite City High School South and is presently employed as a unit secretary at St. Elizabeth Hospital.

A 1977 graduate of Ranken Trade School, St. Louis, the groom is currently working for the Doll Trane Air Conditioning Co., Fenton, Mo.

The newly married couple will reside in Granite City.

GUEST SPEAKER. Mrs. Beverly Deshazer, center, who presented a program on Physical Fitness and Exercise, at a meeting of the Tri-Cities Chapter of the National Secretaries Association. Mrs. Joyce Savich, vice-president of the chapter is on the left and Mrs. Gail Foley, president, is on right.

Physical Fitness topic of secretaries meeting

"Physical Fitness and Exercise" was the topic of a program presented by Mrs. Beverly Deshazer of Fairview Heights, last week, at a meeting of the Tri-Cities Chapter of the National Secretaries Association.

The guest speaker gave several suggestions concerning poise and posture during her presentation on physical fitness. Mrs. Deshazer conducts exercise classes one night a week at a Fairview Heights church and also teaches a class at Annet's Modeling and Charm School in Fairview Heights.

Chapter president Gail Foley presided at the business meeting held at Roustio's Restaurant in Collinsville.

She announced several members plan to attend the Great Lakes District Conference in Evansville, Ind., scheduled for Oct. 21-22.

The National Secretaries Association is sponsoring a "Country Store" at Bunker Hill's Frontier Days set for Saturday, Sept. 10. Members are contributing homemade baked goods, handmade articles and other various items to be sold as a fund-raising project, it was noted.

Mrs. Foley reported the Oct. 6 meeting will be held at Ralph and Charlie's Restaurant in Madison. The guest speaker will be Willard D. Shoenbeck of the Union Electric Co., who will speak on the subject of "How to Live Within A 24-Hour Day."

more than one such facility every year.

In the U.S., slower growth would have permitted one such facility every two to three years.

Other things being equal, one would expect the more rapid growth and accompanying improvements in efficiency in Japan and Europe to have resulted in an improvement in the competitive position of steel producers in these regions relative to steel producers in the U.S.

However, a conclusion that the U.S. industry is not competitive is premature.

For one thing, the cost of labor has generally increased at a faster rate in Europe and Japan than in the U.S.

For another, U.S. steel producers have invested heavily in replacement and modernization of old facilities even though the amount of net capacity growth has been limited.

In fact, one could even argue that the U.S. steel industry has invested more money in recent years than was economically justifiable on the basis of returns actually earned on these investments.

For example, during the 1967-1976 period, domestic producers spent about \$30 billion, despite returns which were generally less than the average for other U.S. manufacturing industries.

The relevant question for U.S. policy-makers, therefore, would seem to be not whether the domestic steel industry has performed adequately in some normative sense, but rather how the broader trends in world steel production and trade have impacted the relative competitive position of U.S. producers — and how these trends are likely to affect the future cost and availability of steel products.

In this context, it is useful to return to issues already raised, on the basis of which one could reasonably conclude that the U.S. market, by accepting such large quantities of Japanese and European exports, has materially supported the expansion programs which have enabled foreign producers to increase the size and efficiency of their operations relative to U.S. producers.

This is not to say that such an outcome — especially during the 1950s and early 1960s — was undesirable.

A major objective of U.S. foreign policy during this period

was to promote rapid economic development in both Europe and Japan.

However, the phenomenon of increased import penetration from Japan and Europe has continued in the mid-1970s, when it can no longer be justified by a desire to strengthen our trading partners.

In fact, it can be argued that U.S. policies have helped create strong rivals who are now able to share the responsibility for stable economic progress in the world.

Therefore, the concern of U.S. policy makers should appropriately shift to the fact that further penetration of the U.S. market by imported steel leads inexorably to greater reliance on offshore sources for a critical industrial material.

While, as a policy, the U.S. may choose to accept this reliance, public officials ought to examine it carefully beforehand if it is occurring, what the alternatives are, and what sort of treatment U.S. customers can expect from suppliers upon whom the U.S. is becoming increasingly dependent.

Madison tax may rise 11 cents

An increase of 11 cents per \$100 assessed valuation in the 1977 tax rate for the City of Madison was projected by Madison city officials Tuesday night as council members adopted a new levy calling for \$21,150 in tax funds.

The 1977 tax rate will apply to bills collected in 1978. If the Madison projected increase holds true, the Madison city rate would jump to an estimated \$2.04 per \$100 assessed valuation.

The 1976 rate on which bills were paid this year was \$1.93. According to City Comptroller Albert Hudick, the projected tax is based on an assumption that the assessed valuation will remain the same, which currently is \$16,045,184.

He noted that the 1977 tax rate will increase one-half cent for each \$100,000 decrease in assessed value.

The new tax levy calls for \$41,000 in the general corporate and street lighting fund, \$204,128 in cash balances and anticipated revenue and another \$124.3 in deficiencies in the appropriation bill.

A tax levy of \$25,789 for police protection and \$62,973 for fire protection are included in the bill approved by council.

For street and alleys, \$92,579 is levied. The levy is \$90,694 for the refuse department, \$29,719 for the executive department and \$29,500 for the legislative department.

A total of \$58,000 was levied for street lighting, \$40,000 for police pensions and \$27,196 for the public library.

A total of \$65,000 was levied for payment of municipal retirement fees for city employees.

School ad

(Continued from Page 1)

player and soccer player, holding a banner which stated, "Welcome fans to the GC South Sports Complex, from the students, Boosters and fans of GC'S South, home of the Warriors."

He said the sign is proposed for next to the main entry to the sports complex. He contended the quality and professional workmanship on the sign is an example of the types of signs which would be placed along the sports complex fence.

He also said there is more graffiti on garage doors in the area that would appear on the fence signs.

The Booster president added he still feels the advertising idea is the best which has been offered to finance the field lights and he requested the board stand behind its original action approving the plan.

Manogian showed the board a news article which detailed citizens' efforts in Collinsville, Mo., to raise \$250,000 for a sports program. "No where do I see that anything was commercialized. In a city half the size of Granite City, \$20,000 was raised. I am sure a city our size could do the same — if we get together — without com-

mercializing our schools," he stated.

Board member Monroe Werthen said he would like to see the lights paid for by the school district, but added, "The school district's financial position is not a good position. Taxes are high enough already and we feel an obligation to control those taxes."

Joseph Federa, director of athletics, told the parents present that the school district did replace the lighting system on the football field, but only because it was an emergency.

He said the 40-year-old poles and wiring were unsafe and short-circuited during a game.

B. J. Davis, superintendent of schools, said both sides would like to see lights for the soccer and baseball fields. "Neither group objects to the goal. There is just a difference of opinion as to how it should be accomplished."

Board Member Donald Stucke suggested a joint committee be formed to see if both sides can work together on a joint solution to funding the field lights.

It also was suggested the beautification committee of the Tri-Cities Area Chamber of Commerce be asked to participate in deciding whether the signs would detract from the appearance of the community.

With the understanding that both sides were willing to work together on a solution, the board agreed to rescind its previous action, which was done on a unanimous vote.

The members then agreed upon forming a 14-member committee to study funding for the field lights. The Boosters Club is to appoint four members, concerned citizens are to appoint another four, the Chamber of Commerce is to appoint two members and the board agreed upon two administrators and two board members.

Administrators appointed were GC'S South Principal James Dumont and Federa. Board members appointed were Stucke and Norman Hall.

The board also charged the group with reporting back by Oct. 14 with a progress report or recommendation to be considered by the board at education at its Oct. 18 meeting.

It also was noted the lights may cost about \$90,000 and a major fund-raising project will be required. Manogian noted, "It is not going to be done overnight. This is a long-range thing."

Feige requested assurances by the board that the other projects being done by the Boosters are not affected by the board action and Stucke said the action only concerns the signs.

Other Booster projects, including the conversion of surplus portable classrooms into concession stand and restroom facilities, have the complete support of the board and residents, Feige was assured.

The board did agree to halt placement of the welcome sign presented at the meeting, feeling its placement also should be considered by the committee along with the advertising signs.

Tax levy

(Continued from Page 1)

are you going to show us where?"

Schuler replied that he had attended meetings of the Finance Committee and had worked with the committee to prepare the levy ordinance, and that the levy ordinance was the recommendation of the Finance Committee.

Schuman, however, remarked that "That is where I disagree. You say it didn't help us one iota. I went to a finance meeting and there was nothing done. This (the levy) is not my recommendation, or the committee's."

Bowler suggested that the council recess for a brief caucus on the issue, but Mayor Schuler told him the council could caucus only on matters of personnel and land acquisition and that the discussion on the levy was an open meeting.

Alderman Ronald Coleman of the Seventh Ward maintained the council could levy the amount needed to fund the pension accounts during the current year, and by doing that could cut \$200,000 from the levy bill presented Tuesday night.

In a roll call vote on a motion to suspend the rules to place the levy bill on final passage, five aldermen voted against it — Aldermen Gerald Parnley, Warren Decatur, Charles Douglas, Schuman and Lloyd Butler.

With only nine votes, the suspension motion lost. Poulos then moved to place the bill on first reading. That motion was carried.

At this point, however, Parnley, noting that a special meeting would be necessary to act on the levy, volunteered to withdraw his negative vote which he had cast against suspension of the rules.

Douglas however, objected and maintained such a vote could not be withdrawn after the results had been announced. A disagreement ensued and council members agreed to a short recess to obtain a decision.

Douglas left the building and went to his office a block away to obtain a copy of Robert's Rules of Order.

After reconvening, Douglas and Parnley agreed to a section of the rules which held that Parnley's vote could be withdrawn with unanimous consent of the council members present.

Douglas, however, repeated his objection and the levy ordinance remained on first reading.

Under the law, the levy must be adopted by midnight next Tuesday, Sept. 13. The special meeting will be necessary because the council has not regularly scheduled meeting next week.

Rites held for Terry Adams, 17

(Continued from Page 1)

Funeral services were held Aug. 17 at the Clarkburg (Tenn.) Church of Christ for Terry Lynn Adams, 17, of Clarkburg, formerly of Granite City.

She had attended elementary and junior high school in Granite City prior to the family moving to Clarkburg, Miss. Adams who had been ill for four years with an incurable kidney disease, died Aug. 15 at the William F. Bowld Hospital, Memphis, Tenn.

Miss Adams underwent eight major operations from March 1976 until July 1977. She had a kidney transplant July 21, but her body rejected the new kidney and it was removed on Aug. 11. Then, a few days later she developed pneumonia and her system was not strong enough to overcome the illness.

Although the kidney disease was discovered when Miss Adams was an eighth grade student here, she managed to continue her education with the aid of homebound teachers. She received her high school diploma at the Clarkburg High School this year.

Survivors include her parents, Mr. and Mrs. V. E. Adams; one brother, Jerry Dale Adams all of Clarkburg; and grandparents, Mr. and Mrs. Ollie Hayes of Portageville, Mo., and Mrs. Etta Adams, of Columbia, Mo.; and an aunt, Kathryn Hayes of Granite City.

Burial was in Sellers Cemetery, Clarkburg.

Oil spill on street

A truck delivering a non-flammable oil to Conalco in Venice at 2:25 a.m. today developed a leak in one of its drums. Members of the Venice Street Department spread sand from the McKinley bridge to the plant to prevent auto fire from sliding on the slick surface.

Quantity

(Continued from Page 1)

"In order to conserve and maintain the level of tax revenue for city government purposes, it will be necessary to begin implementing a definite plan of action. Such a plan must include the following:

"1. Central Inventory Plan—Which requires each department head to supply itemized inventory on an annual basis. The resulting information should result in purchase orders made in greater quantities, thus greater savings through bids.

"2. The chairman of each committee of the City Council should appraise and recommend what measures to be taken in each department to make it a more efficient department with a specific view in examining and determining what personnel is absolutely necessary to make these departments function adequately. (Best service for least amount of money by eliminating waste.)

"3. In departments with overtime, a minimum amount of overtime should be calculated and then where possible and feasible implement "split shifts" Monday through Friday and Tuesday through Saturday and/or 8 a.m.-4 p.m. and 1 p.m.-9 p.m., thereby utilizing the most working hours for least amount of money.

"4. Cleaning service for City Hall should be bid for bids to see if this is a cheaper method than full time employees.

"5. Employee Insurance or pay up to the 1976-77 premium for each employee. After that amount any premium expenses will be paid by employees.

Creating charisma in a 'nothing' room

By BARBARA HARTUNG

Q. We have recently bought a small home and are having a fireplace installed in the living room as one step in trying to add some character and personality to the home. The fireplace will be the only architectural feature in the room.

What can I do to create the warmth of a traditional setting in a plain little 1960 ranch-style house?

A. You can create the warmth of a traditional setting in three ways:

First, you can do it with fabric.

Second, you can do it with furniture.

And third, you can do it with architectural detailing, as one designer did, using an Albert Van Luit walkovering and fabric design of fruits and flowers adapted from an original 18th Century print. Adding to the architecture, shelving or gallery molding was placed across the upper part of the wall to display books and other treasures. The classic design of wing chairs and brass tray coffee table complemented the look.

And repeating the design of the chairs' fabric in draperies and on the walls provided a coordinating note for the well-planned room.

An unusual shell mirror over the fireplace, paired with English candlesticks, provided interesting contrast.

Q. I have off-white walls in my living room, hall and kitchen, with avocado carpeting throughout my apartment. I would like to add more color to the walls.

The living room has only one window which is a very large patio door with an off-white neutral drape and northeast exposure. This room opens to the dining area with a northern exposure and a mural at one end in a country scene of avocado, celery green, little blue and small amount of butter yellow.

The dining room opens into the kitchen which is without windows and large amounts of dark wood cabinets, tan tile on wall and floor and white countertops.

How can I make a colorful tasteful change? — M. M.

A. Depending on the furniture you are going to be using in your living room, I think pale yellow or light gold would be good selections for paint color. Either would provide you with some color but still give you plenty of light which you probably will like because of the northern exposure of many of your windows.

If you have little design in your upholstery fabrics and mostly solid colors, you might be able to use a soft stripe wallpaper, too, in your living room with stripes of greens, yellows and beiges, taken from the dining room mural.

However, I would imagine that the paint would be more compatible with your furnishings.

TRADITIONAL FEELING. The character of years gone by is created in this contemporary room through

the use of wing chairs, stylized print on draperies, chairs and walls, and the high shelf for books and accessories.

Bridal shower for Miss Ruzicka

A bridal shower for Miss Dolores Ruzicka, the fiancée of Anthony Thomas Urban of Granite City, was given this week at St. Elizabeth Church Parish Hall.

The bride-elect is a daughter of Mr. and Mrs. Leonard Ruzicka of Frontenac. Mo. Her fiancé is a son of Mrs. Helen Urban of Granite City and the late Anthony Urban.

The couple is planning to be married in October at Frontenac.

Orange candles and white daisies set in brandy splitters and tied with ribbons decorated the round guest tables.

Large wedding bells were suspended from the ceiling and

tied with clusters of orange flowers and ribbon. The gift and buffet serving tables were draped with white net, decorated with smiles and tiny bunches of flowers and ribbons. A centerpiece of white daisy mums, spider mums and talisman roses was the focal point between silver candelabra on the buffet table.

Many gifts were presented to the honoree.

The refreshments were served by the shower hostesses, Anna Paisgrove, Mildred Urban and Stella Daniel, aunts of the bride.

Among those honoring Miss Ruzicka from here and the St. Louis area were Mrs. Dolores

Ruzicka, mother of the bride-elect, and Mrs. Helen Urban, mother of the prospective groom, Jane, Joan, Jenny, Anne and Marie Hardenbrook, Lynn, Sue and Karen Ruzicka, Leanna McIlvoy, Helen Tajkowski, Marie Lozary, Grace Galkowski, Bernice Broderick, Sophie Pesarkiewicz.

Kathleen Hoff, Bernice Toback, Pat Huhmann, Sally Bruggemann, Josie Orenkamp, Sidney Urban and daughters, Kim and Dina, Sue Urban, Ann Lucas, Clara Patterson and daughter, Jeanette, Mary Barry, JoAnn Vaughn, Eva Barry, JoAnn Herman, Josephine Buchek.

Frances Trotts, Ann Knopka, Vickie Eekels, Wilma Orwa,

Frances Pask, Helen Krakowicki, Helen Kuback, Mamie Bladdick, Sophie Greene, Theresa Stogelmeyer, Clara Hoedebeck, Helen Hofek, Julianna and Dorothy Hoedebeck, Gladys Steinhauer, Ann Pare, June Stieb, Vivian Byer, Florence Czervinski, and the hostesses.

Nite Lite can help conserve what you've worked for

Millions of dollars worth of property is stolen, damaged or destroyed by theft and vandalism each year. This amounts to an enormous waste. A waste not only of money, but of energy and resources needed to replace the property.

You've worked hard for the things you own. So take the necessary security measures to conserve them.

Nite Lite is one of the most effective ways you can protect your home or business from burglary and vandalism. It's also good protection for your family, and for employees who work after dark. And it makes efficient use of electric energy generated at night when there's idle capacity available.

The protection of an automatic, outdoor Nite Lite is a service you can rent for a flat monthly fee. It's a wise use of energy to conserve what you've worked for. For details, ask the Energy Use Advisor at our office.

IP ILLINOIS POWER

IT'S OUR BUSINESS TO SERVE YOU BETTER

Security lighting is wise use of energy

Teachers pact ratified

The Granite City Board of Education Tuesday night ratified a new working agreement with the Granite City Federation of Teachers which gives teachers salary and benefit increases averaging about 6.25 per cent.

The teachers ratified the agreement Aug. 23 and need only approve a few minor changes to finalize the pact.

The salary scale in the new agreement remains unchanged from the 1976-77 salary scale, but the district has agreed under new state laws that it will pay part or all of the contribution to the teachers' pension plan.

The amount contributed by the district toward the retirement plan will be deducted from the employees' contributions and the employee will receive that money as a tax-free benefit, a district spokesman said.

Of the amount contributed to the pension plan, \$100 will be taken from the cost-of-living benefit, under the agreement. The cost-of-living benefit was computed this year at \$875, the same as last year. Of that total, \$100 will be donated to the pension plan and the remaining \$475 will be divided among the number of paychecks each teacher is to receive that year.

Every certified teacher with one complete year of service the previous year receives the cost-of-living benefit.

The cost-of-living for the second year of the contract is to be computed on the same basis—\$25 for each one-half of one per cent increase in the U.S. average cost-of-living index published by the Bureau of Labor Statistics.

The major salary increases for the teachers, besides the extra benefit of the district paying for the pension plan, will be in "step increases."

First-year teachers with bachelor of arts degrees receive \$9,300 and second-year teachers with the same degree receive \$10,300.

The annual "step" increment varies with the number of years of service. A teacher moving from the fifth to the sixth year with a bachelor of arts degree receives a \$350 increase, from \$12,400 to \$12,750, and a teacher moving from the 11th to the 12th year receives a \$700 increase, from \$15,025 to \$15,725.

At the top educational level, first-year teachers with master of arts degrees and 190 hours of additional classroom work will receive \$10,300, which increases to \$11,300 for the second year, \$12,425 for the third year, \$13,025 for the fourth year and \$13,400 for the fifth year, under the salary schedule.

Subsequent increases for master degree plus 190 hours of credit are: \$13,750 in the sixth year; \$14,100 in the seventh; \$14,500 in the eighth; \$14,950 in the ninth; \$15,400 in the 10th; \$16,025 in the 11th; \$16,725 in the 12th, and \$17,700 at the top of the scale.

The salary schedule for bachelor of arts teachers in the first through 13th years, in that order, is: \$9,300; \$10,300; \$11,425; \$12,025; \$12,400; \$12,750; \$13,100; \$13,500; \$13,950; \$14,400; \$15,025;

\$15,725, and \$16,700. Other schedules govern teachers with bachelor of arts degrees plus 150 and 175 hours of additional credit and those with master degrees.

The employer contribution to the pension plan also fluctuates with years of service. For all degree levels, only the \$100 from the cost-of-living is added to the pension fund for first or second degree teachers.

The amount to be contributed by the school district to the

pension fund increases to \$450 per year for teachers at all educational levels in their third through 12th year of teaching, and the contribution totals \$650 for those with 12 completed years of service to the district or more.

It was emphasized that, although the salary scale remains the same as last year, the teachers made their own contributions to the pension fund, which now is received as a tax-free income boost.

Other changes from last year's agreement include a new extra-curricular assignment pay schedule, increasing the accumulated earned absences benefit to 182 days with a \$9,000 maximum, new rules for sabbatical leaves for one per cent of the teachers, increasing the membership of the curriculum committee by two members and rotating the membership, and other minor alterations.

Hire 15 teachers; staff shows decline

The Granite City public schools are staffed by 703 teachers this year, 13 less than last year, the Granite City Board of Education was told Tuesday night after making its final hirings for the first semester. The number of administrators also has been dropped by one.

The board Tuesday night hired 15 teachers, one teacher's aide and three crossing guards; approved extra-curricular assignments for five teachers; accepted resignations from two teachers and one teacher aide, and granted one leave of absence to a teacher.

The hirings were on the recommendation of Gerald Brown, administrative assistant-personnel, who said he has reviewed class sizes in all schools and has recommended additional teachers only where large classes justify additional staff.

Hired were 11 teachers already serving on a substitute basis and four new teachers. Those already substituting were granted full-time benefits retroactive to Aug. 24, and the new teachers assumed their duties today.

Substitutes hired full-time were: Pam Doctor, Webster School (goes on tenure); Karen Poy, Wilson School; Darlene Bozard, Johnson School; Jodean Cooke, Marshall School; Jorgana Lyons, Stallings School; and Linda Wainwright, Marshall.

Also, Karen Cline, Marshall; Debra Wolford, Maryville; Linda Knogl, Emerson (one semester only); Melissa Larson, GCHS North, and Jill Thompson, Lake School.

Teachers hired effective today were: Kathy Gregus, Parkview School; Janice Carmody, Frohardt; Cheryl Cottrell, Lake, and Paul Miles, McKinley.

Beatrice James was named a teacher aide for one year.

Crossing guards hired were Sharon Bittick for Stallings, Anna Bittick as a substitute at Stallings, and Pam Filkins for Mitchell School.

The board also voted to create a consultant's position in the gifted program which will be filled at a subsequent meeting. Resignations were accepted

with regrets from Brenda Fyfe, a teacher at Lake School, Ann Berberich, home economics teacher at GCHS North, and JoAnn Townzen, teacher-aide at Lake School.

The board also granted a leave of absence to Nancy Rainer, a teacher at Frohardt School.

Extra-curricular assign-

ments approved included: Anna Marie Harn, girls fall and spring sports coordinator for Coolidge Junior High School; Alicia Henriksen, cheerleader sponsor at Prather Junior High School; Lori Houser, girls' field hockey at GCHS North; Pamela Bischoff, Pep Club sponsor at GCHS South; and Marceline Williams, Pep Club sponsor at GCHS North.

Petition campaign for open primary

The Coalition for Political Honesty has kicked off a one-year statewide campaign to put the open primary question on the 1978 general election ballot.

"In the months to come, we intend to make the open primary the single most important campaign issue in Illinois," Patrick Quinn, Coalition spokesman, said this week. He is a former aide to former Governor Daniel Walker.

"After 25 years of avoiding this vital issue, the General Assembly will be forced to consider the wishes of Illinois voters," he forecast.

Quinn said Illinois voters "overwhelmingly favor open primary elections, in which citizens do not have to publicly declare party affiliation before voting."

"The present closed system discourages voters who fear that a public record of their past preferences will be used by politicians to affect their employment, municipal services, business success or standing in the community."

Quinn said the Coalition must gather 825,000 signatures by August 1978 to put the open primary referendum on the November 1978 ballot.

Voters then would consider the issue in an "advisory referendum," a vote which would express the wishes of the electorate but not be binding on the legislature.

"The petition drive and referendum will give Illinois citizens a direct and specific

way to reform the nominating process in Illinois," Quinn said. "By presenting the General Assembly with an overwhelming vote in support of open primaries, citizens will take a giant step toward open and honest primary elections."

Quinn said a recent poll revealed that 79 per cent of voters surveyed favored a move to open primaries.

"Last year, the Coalition collected 638,000 signatures in support of the Political Honesty Initiative and forced the General Assembly to end 100-year-old abuse of advance pay." Several other proposals failed to gain enactment.

"The spirit which produced that victory is alive and growing. People still are way ahead of politicians when it comes to demanding public interest reform," Quinn said.

Coalition volunteers will spend a month in a school bus, traveling the entire state to collect signatures and supporters for the referendum, he said. Those interested in circulating open primary petitions may write the Coalition at 28 Madison St., Oak Park, Ill. 60302 or phone 1-312-242-1977.

READY TO WELCOME NEW MEMBERS to "The Club" are the officers and staff of the American Heritage Bank.

Package plan offered full-service customers

A free checking account with free personalized checks, insurance policies for accidental death, safekeeping of wills and many more special services are part of joining "The Club" at the American Heritage Bank, Nameoki and Fehling roads.

"The key to a successful banking relationship is to get the customer to use as many of the bank's services as possible," says Henry D. Karandjeff, president and chairman of the American Heritage Bank.

"Many bank customers today use more than three financial institutions."

"A customer may have a savings account at a savings and loan association, and other accounts at a bank close to where he works. Or, he may just have a checking account which he can't get at a savings and loan."

"But the customer we can do the most for is the one who uses multiple services. Experience has shown that the more ser-

vices we can sell a customer, the more likely he is to stay with the bank for a long time."

"The concept of packaged banking services is only a few years old and this is a first for the Quad-City area. By joining 'The Club' (American Heritage Bank's name for its package program) and by utilizing the many services available through 'The Club' the customer will realize many times the nominal \$3 per month membership charge."

"Similar package programs have been very successful in several of the nation's largest banks, including the Wells Fargo Bank in San Francisco, the Continental Illinois National Bank in Chicago and the First National Bank of Chicago."

Karandjeff concluded by saying, "The Quad-Cities have grown by leaps and bounds and have become a cosmopolitan community. We are pleased to be the first to introduce this type of 'big bank' service to banking customers in our locality."

Bank of Granite City. A new program at the bank offers free checking and additional special services.

(Hollywood-Andrew Studios)

BUSINESS DEVELOPMENT officer of the American Heritage Bank, Robert Henry Karandjeff (right), says, "Welcome to 'The Club'" to Frank Ravanelli (center) and William Kozak (left) as they join the bank's new packaged service plan.

Branson trip tickets

Only four openings remain for the Granite City Park District's annual fall excursion to Silver Dollar City and the Branson area of the Missouri Ozarks. The trip is scheduled Friday, Sept. 23 through Sunday, Sept. 25.

Thirty-seven persons have

reserved tickets for the three-day weekend trip, which features optional side visits to a performance at the Shepherd of the Hills Pageant on Friday night and a country-western show on Saturday evening.

The weekend planned for the excursion is during the National Craft Festival at Silver Dollar City, one of the nation's largest events of its type.

Excursionists will leave the Granite City ice rink parking area by bus at 9 a.m. Friday, Sept. 23, and return to the same point between 6 p.m. and 7 p.m. Sept. 25.

Accommodations at the Bentree Lodge, near Silver Dollar City, is priced according to the number of occupants in a room.

Details concerning the total package cost and other information are available at the Wilson Park office. Reservations must be made in person.

Youth charged

Larson, E. Willis, 19, of 71 Grenzer Homes, was held in the Madison City Jail Wednesday in lieu of \$3,000 bond on charges of resisting arrest and contributing to the delinquency of minors.

Willis was arrested by Madison police at 12:15 a.m. Tuesday at Sixth Street and Madison Avenue. Police earlier had told several minors and Willis to disburse from the 800 block of Jackson Street.

Willis allegedly said he would give the others a ride home, but the group was seen later.

Willis appeared Tuesday before Associate Circuit Judge Thomas Gibbons.

Several juveniles were arrested and charged with curfew violations and released to their parents.

WINGS OF ACHIEVEMENT. Jeffery Beyer of Granite City, a mass communications student at Southern Illinois University at Edwardsville, receives his wings during commissioning ceremonies held by the Air Force Reserve Officer Training Corps at SIUE. Beyer

will be stationed at Warren Air Force Base in Wyoming after 10 weeks of training at Vandenberg Air Force Base in California. Kimberly Ann Sparks, Lt. Beyer's fiancée, pins on his wings as his father, Lester "Bud" Beyer, watches.

CAPTAIN BOB STACY (center) of Granite City watches over the D Battery, 2nd Battalion, 2nd Basic Combat Training Brigade, as trainees go through their mid-cycle tests at Ft. Bliss in Texas. Capt. Stacy was sharing duties with the Regular Army commander of D

Battery during the Aug. 20-Sept. 3 annual training performed by his Army Reserve unit, the 3rd Battalion of the 340th Regiment of the 2nd Brigade, 85th Division (Training). In civilian life, Stacy is a broadcaster for WGNU-FM.

Gospel concert at Third Baptist

A musical group known as "Bridge" will present a concert at the Third Baptist Church, 2601 Grand Ave., at 7 p.m. Tuesday, Sept. 10, according to John Nading, minister of music

at the church. The 16 young adults are either in college or recent college graduates and have traveled across the country several times during the year.

The seven vocalists and seven instrumentalists have been heard in many of the nation's largest churches, as well as before college and high school audiences and civic organizations.

Rev. Nading extends an invitation to the public to attend the gospel program.

Celebration at Free Will Baptist

The Rev. Wayne McKee, new pastor of First Free Will Baptist Church, 2216 Kansas St., today announced the annual anniversary and homecoming celebration of the church will take place Sunday, Sept. 11.

A dinner will be served at 1 p.m., followed by special services.

Persons formerly associated with the church are especially invited to come and help celebrate the occasion and renew old friendships, Pastor McKee said.

The Rev. Jim Walker of Bethel Free Will Baptist Church in South Roxana will be the guest speaker. He is the Rev. McKee's former pastor at Bethel Church before he assumed the pastorate here.

Special music will be presented by a trio from the South Roxana Church, and Elaine Stringer, a former member of the First Free Will Baptist Church and now living in the Eminence, Mo. area, will relate a history of the church.

The public also is invited to attend the homecoming celebration, the Rev. McKee said.

U.S. grant for jail building confirmed

Notices of a grant offer to Granite City for construction of the city's proposed new jail and city building complex have been received from the Department of Economic Development, Alderman Clyde Boyd of the Third Ward, chairman of the Street and Alley Committee, told the City Council Tuesday night.

Receipt of the grant offer

follows announcement a month ago that the Department of Economic Development has approved a grant of \$744,000 for construction of the proposed jail and city building on city-owned land adjoining the No. 1 fire station at 23rd Street and Madison Avenue.

The grant was authorized under the Public Works Act. It will help finance a building that will cost nearly \$1 million to house a new jail and police headquarters, Civil Defense offices and several city departments.

City Council members also were informed that the Illinois Department of Transportation has confirmed the announcement in mid-August that the Federal Highway Administration has approved the design plan report for construction of the new downtown Granite City overpass on 19th Street, clearing the way for preparation of design plans.

The state DOT sent an official notice of the approval to city officials, noting that the city may proceed with design work on the project, cost of which has been estimated variously from \$3 million to \$4 million.

Eagles Auxiliary to host district meet

Eagles Auxiliary 1128 discussed the District 8 meeting to be held in Granite City on Sept. 25, at a meeting conducted Tuesday night by Mrs. Phyllis Seka, president.

Mrs. Seka announced the session will begin at 2 p.m. and there will be an election of district officers and installation with the Jerseyville Ritual Team in charge of the initiation.

Reports were given by Florence Hagnauer, visiting chairman, Angie Buehler, Kitchen Band leader and Kathleen Reed, co-chairman of ways and means, on a successful no-bake sale.

Announcement was also made by Nettie Koehler of the Annual Kick-Off Dinner, given by the Aerie, with the proceeds going for Christmas baskets for needy senior citizens. The dinner will be held at the

Episcopal Churches plan centennial celebrations

In 1877, the Very Rev. George Franklin Seymour, was elected the first Bishop of the Episcopal Church in Southern Illinois, thus beginning the history of the Diocese of Springfield, which is celebrating its centennial this year.

As a part of that centennial celebration, St. Bartholomew's Episcopal Church, 22nd Street and Grand Avenue, in Granite City, and St. Thomas Episcopal Church, School and Summit streets, in Glen Carbon, are sponsoring jointly two special services of Evensong.

The first will be held Sunday, Sept. 11 beginning at 5:30 p.m. with The Rev. Wilbur L. Lear, rector of the local parish as the officiant, assisted by the Lay Readers of the local parish. The Very Rev. Roger J. White, rector of St. Paul's Church, Alton, Dean of the Western Diocese and member of the Standing Committee of the Diocese, will be the guest speaker.

Father White is a native of Leeds, England, and studied at

Kelham in England as well as at Eden Theological Seminary in St. Louis. He has served in Alton since 1971, has written articles for several periodicals, and is now at work on a book dealing with the problems of the small church. Father White is well known as a retreat conductor and preacher on the spiritual life.

The service, Sunday evening will begin with the Service of Light and proceed to the Service of Evensong or Evening Prayer. Mrs. Kevin Nicol, organist of St. Bartholomew's will present several special musical selections during the service and Mrs. John Mefford will sing a solo at the Offertory.

Following the service an informal coffee hour will be held in the Undercroft to give people a chance to meet and talk with Dean White. The public is invited to attend this service, as well as the morning, Eucharist, at 7:30 a.m. and 10:30 a.m. Fr. Lear said.

Sr. Citizens celebrate anniversary of center

The Granite City Senior Citizens celebrated the third anniversary of the Senior Citizen Center, last week, at an open house celebration highlighted with a fashion show and entertainment by the American Association of Retired Persons Rhythm Band.

President Edgar Paddock opened the festivities and the Rev. David Maxton offered the devotions.

Township Supervisor Nelson Hagnauer gave a short talk and then introduced guests Mayor Paul Schuler, Robert Stevens, city clerk, Ron Vezier, chief of police, Don Parente, chief of fire department and David Morgan, executive director of Granite City Housing Authority and Barry Loman of the Granite City Trust and Savings Banks, all of Granite City.

Also presented were Venice Mayor William Ebersold, Chris Pashoff, supervisor of Venice Township and Harold Briggs,

Superintendent of the Educational Service Region. Mrs. Grace Paddock served as chairman of the hostesses and the Rhythm Band of all the Senior Citizens Clubs, and they welcomed each of the guests on arrival.

The fashion show, featuring ladies apparel for 12 models provided by the downtown merchants, was conducted by Mrs. Kathryn Smithson.

Mrs. Smithson surprised the group with the introduction of two men from Truller's Mens Store who modeled the latest style in suits, top coats and hats.

The remainder of the afternoon was spent in listening to the Rhythm Band, and enjoying refreshments. Prizes were awarded every hour and Mrs. Olivia Lehman received a gift for residing in Granite City the longest number of years and Mrs. Alva Stearns was honored for having the most grand children.

Family Togetherness topic of Trio Unit

The Trio Unit of Madison County Homemakers Extension Association, opened its fall season of meetings Tuesday at Hope Lutheran Church, with each member giving an anecdote on how they spent the summer, in relation to cultural improvements.

In keeping with the opening discussion Mrs. Emma Jakich reviewed the highlights of her extensive European trip this summer.

The major lesson on the subject of "Family Togetherness-Games and Recreation" was given by Mrs.

Louise Anderson and Mrs. Jakich. Mrs. Smith, unit chairman, opened the meeting with the pledge of allegiance. She appointed Mrs. Helen Miller and Mrs. Lucille Sickett to attend a Leadership Forum for Officers to be held at Augustine's Restaurant in Belleville.

Entertainment was furnished by Mrs. Mary Ellen Lewis who later awarded prizes to Florence Rapp, Helen Roessner and Mrs. Sackett.

The next meeting is scheduled for Oct. 4 at Hope Lutheran Church.

GC Republican Women's Club opens 1977-78 year

The official 1977-78 season of monthly meetings of the Granite City Republican Women's Club was opened with a dinner meeting Tuesday night at the Grand Cafe.

President Mrs. Lida Theis called on Americanism Chairman Mrs. Bethel Davis to give the invocation and lead the pledge of allegiance.

Future dates announced included the Madison County Federation of Republican Women's Club dinner dance set for Sept. 11 at Edwardsville. Mrs. Vernice Walter said there are still tickets available.

The president announced the next club board meeting will be at 1:30 p.m. on Sept. 26 with Mrs. Walter, and on Oct. 1 a group will represent the local club at the "Winning Technique for Leadership" meeting at Marion, Ill.

Plans are in progress for the Granite City Club's annual dinner to be held on Dec. 8 at Bill Burns Cafeteria, it was noted.

Membership Chairman Edna Kohlbrecker reported an increase in the membership and Mrs. Eva Meier gave a report on a Practical Politics course she had taken and on current legislation.

Mrs. Elma Hoover spoke on the Senior Citizen Fitness program offered on Monday and Wednesday at the YMCA.

Mrs. Lillie Ann Firmer, ways and means chairman, said Mrs. Louise Dutko will serve on the committee for the remainder of the year.

Those elected to the nominating committee included Mrs. Hoover, Mrs. Meier and Mrs. Dutko. Members also accepted the revised by-laws as recommended by the board. Members agreed to send a

donation to the Illinois Federation of Republican Women in the name of Mrs. Walter in memory of her late sister, Mrs. Wilma Jeger.

The group were also reminded of the referendum concerning the office of the superintendent of streets and were urged to vote on Oct. 4 for the right to elect a city official.

The club accepted with regrets the resignation of Mrs. Theis who is moving to Wisconsin. The next meeting is set for Oct. 4 at the Grand Cafe.

Pre-school class at Hope Lutheran

A new afternoon class for 4 years old will be added at the Little Lambs Pre-School, operated by Hope Lutheran Church, 3715 Vashaw Ave., it was announced today by the Rev. David Fielding, pastor.

Morning classes already are filled, the pastor said. Afternoon sessions will be held on Monday and Wednesday from 12:30 p.m. to 2:30 p.m.

Cost of attendance is \$12 per month, plus a \$5 registration fee. Parents interested in registering a child, or securing more information, may call the church office at 876-7568, the Rev. Fielding said.

The Little Lambs Pre-School is designed not as a day care center, but to offer a curriculum for children of pre-school age, the pastor explained.

THE 'IN' ENTREE. Down Texas way, the "in" food is chicken-fried steak. It's so popular, it rates its own monogram—CFS. Serve it smothered in gravy with a batch of corn bread for a typical Texas feast, food authorities suggest.

'Down home' cooking with a Texas accent

By MICHAEL GRANT

Down in Texas, you're not a true celebrity any more unless you've had your picture taken alongside a chicken-fried steak.

Last time, it was Phyllis George. I bet the next time Farrah Fawcett-Majors goes home to Corpus, some editor will snag her for a chicken-fried steak feature. She'll be smart if she goes along, because chicken-fried steak is so far "in" down there, it's been afforded its own monogram: CFS.

A restaurant's profit margin on CFS must be tremendous. I usually figure on a quarter pound per person, and the succulent, golden pieces, plumped up by the batter, almost cover the plates. The last feed we had, tenderized round steak was selling for \$1.48 a pound.

I learned most of my cooking from Susie Grant, my grandma on my mother's side, in whose house, back in Abilene, I grew up. Everybody called her Mama.

Mama was one of the best cooks ever to pass a plate under my nose. It was plain — she didn't know saffron from stinkweed — but it was ALWAYS good.

But Mama never bothered with chicken-fried steak. Thinking on it now, I don't know why, but I imagine it was too fancy for her.

So it was left to Carolyn Meredith Sims to teach me how to make CFS. Carolyn grew up in Rouse, Tex., a little farm town of a thousand or so citizens who annually consume millions of chicken-fried steaks and a couple tanker-loads of gravy.

The secrets to it, she told me are these: season the chicken out of the meat before you bread it, then have the fat hot — up around 2 on the range, or 400 on an electric skillet — when you put the meat in, then turn it down low — around 210 — and let it cook slowly. The fat gets so it's barely bubbling, but be patient.

It takes 15-20 minutes on the first side, and about 10 on the second.

She also told me to make the gravy over high heat — about 2 — and season the chicken out of it. I like to use

seasoned salt and pepper, though plain is fine. I've gotten pretty good at CFS, because I love the practice, and the grocery bill. We usually have mashed potatoes, peas or corn, and tomatoes, and bread (or corn bread things) for the gravy. Carolyn doesn't pound her steaks — no need to, since they're already tenderized — but I do, because it makes the meat go further. Instead of six fat pieces, I get nine or 10 thin ones. And you get to eat more breading that way, which certainly helps fill you up.

I believe Mama would have done the same thing.

+

+

+

So here are those down-home Texas recipes:

CHICKEN-FRIED STEAK

2 lbs. round steak,

tenderized

2 eggs,

1/2 cup milk

Flour

Seasoned salt and pepper

Cooking oil or lard

Trim all fat and gristle

from meat. Cut into pieces

about the size of your hand.

Season on both sides with salt

and pepper. Beat eggs and

milk together lightly. Dip

steak in flour, then in egg,

then in flour again. For

thicker crust, repeat procedure.

Heat fat, 1/2 inch deep,

to about 400 degrees in electric

skillet, or to very hot in plain

skillet. (For sake of time, two

skillets may be used.) Place

steaks in hot fat, then turn

heat to low, about 310 degrees.

Cook 15 to 20 minutes on first side, and until

golden brown. Turn without

puncturing crust, and cook 10

minutes on second side.

CFS GRAVY

Drippings from frying

3 tbsps. flour

2 cups milk

Seasoned salt and pepper

Pour off fat, being careful

to leave bits of crust in the

skillet. Bottom of pan should

be only three-fourths covered

with a film of fat. Add flour

and cook, stirring, over high

heat until flour is brown,

about one or two minutes.

Add milk all at once and cook,

still over high heat, stirring

all the while, until thickened.

Season to taste. (If two

skillets were used, make two

batches of gravy. It will not

be left over.

CORN BREAD THINGS

Yellow cornmeal

Boiling water

Salt and pepper

There are no precise

measurements, though about

two cups of cornmeal will

make about 12 things. Put

yellow cornmeal in mixing

bowl, season with salt and

pepper, and mix in hot water

until mush is workable. It

should hold the imprint of a

fork, but should not be too

dry. Wet hands, then take one

tablespoon or so of mush and

form it into a patty, about 1/2

inch thick in the middle and

2 1/2 inches in diameter. Wet

hands after making each

patty so mush will not stick to

hands. Fry in 350-degree fat

until crusty. (Patties will

begin to turn brown in spots)

three or four minutes per

side. Drain on paper towels.

Chicken Aloha

CLIP 'N' COOK
Copley News Service

1 fryer chicken, cut up
1/4 cup each, soy sauce, cornstarch, corn oil
1 tbsps. grated onion
1 tsp. monosodium glutamate
1/2 tsp. ground ginger
2 tbsps. each lemon juice, honey
1 can (2 1/2 cups) pineapple chunks

Mix together soy sauce, onion, monosodium glutamate, ginger; marinate chicken in mixture 30 minutes, turning frequently. Remove and save liquid.

Dip chicken in cornstarch; cook in heated oil over medium heat for 30 minutes. Turn; add lemon juice, honey and pineapple to soy sauce mix. Pour over chicken and simmer 15 more minutes or until done. Four servings.

Republicans predict strong county ticket

The Madison County Republican Central Committee is predicting an upsurge in GOP strength in 1978, Dr. Edward F. Ragdale, chairman, said this week.

"The Republican party has won three out of four special congressional elections held this year," he noted.

"The three Republican victories all occurred in districts with former Democratic congressmen and with large Democratic registration advantages. Why did the Republicans win?"

"On Feb. 22, Republican Arlan Stangeland won Minnesota's rural 7th District. Stangeland stressed his background as a farmer and civic leader.

"He was particularly successful in enlisting a large number of volunteer workers and relating to the problems

and aspirations of his district.

"On May 17th, Republican Jack Cunningham won Washington state's 7th District by stressing low taxes and a sound job climate.

"He made huge inroads into the traditional Democratic blue collar vote," Dr. Ragdale said.

"Cunningham emphasized his conservatism and stressed the negative effects on jobs to be expected from the big-spend, big-tax social programs pushed by his liberal opponent and the Carter Administration.

"Mr. Carter's opposition to the B-1 bomber program was hurting employment at Boeing, the largest employer in the area.

"On Aug. 27, Robert Livingston became the first Republican to represent Louisiana's 1st District in 103 years. Working in Livingston's favor was an impressive

background in law enforcement.

"He had served on the staff of the U.S. attorney, New Orleans district attorney and Louisiana attorney general. He stressed his commitment to lower taxes, to the free enterprise system and to getting government off our backs.

"If a Republican can win in these difficult districts, we can also win here in the 23rd Congressional District and in Madison County.

"The best Republican candidate in years will announce his candidacy for Congress in the 23rd District in mid-September.

"Like Congressmen Stangeland, Cunningham and Livingston, he will seek to be truly representative of this district.

"He also believes firmly in low taxes, a sound job climate,

a farm policy allowing the farmer a fair return, and getting government off our backs.

"Democrats control the Presidency and have a 2 to 1 advantage in Congress. Mr. Carter hasn't improved inflation or unemployment as he promised.

"The stock market flounders and the business climate is uncertain. Mr. Carter has done nothing to encourage production of nuclear power, coal, oil or gas, and our foreign policy is in a state of confusion.

"Here in Madison County, the sheriff's department is under investigation by the FBI. The state's attorney's office has been criticized for settling 62 per cent of its cases by plea bargaining and generally presenting a weak case against criminals.

"Patronage is the dominant theme in many offices.

CONCERT AT THE ZOO SUNDAY AFTERNOON

A concert at the St. Louis Zoo will culminate the activities planned for Symphony Week—the celebration honoring the St. Louis Symphony Orchestra Sept. 6-11. The outdoor concert by the St. Louis Brass Quintet and the Youth Orchestra Brass Quintet will be held on the Reptile House lawn Sunday at 3 p.m.

Highlights of Sunday's program will be Scott Joplin's "Chrysanthemum" and "Sun Flower Rag"; Joseph Horowitz' "Soft Shoe Shuffle" from Music Hall Suite; and "Tilly Bell Quick-Step" from G. E. W. Friedrich's American Brass Band Journal.

"The Madison County Republican Party seeks to support good candidates at all levels of government. We welcome and encourage the support of all," Dr. Ragdale concluded.

Alarms aid in arrests

Madison Chief of Police Donald L. Bridick wrote a letter to the mayor and City Council Tuesday night praising the quick action of Sgt. Norris Horton and Patrolmen Charles Bridick and William Wedner and the value of the burglar alarm system in the apprehension of burglars.

The letter read:

"I would like to take this opportunity to inform you of the job they (the officers) accomplished on the morning of Aug. 31, 1977. At this time, two subjects were apprehended during the commission of a burglary at the Dunbar School."

"I feel this is another incident in which our burglar alarm system and quick response time of our police officers has proved beneficial to our city, and shows the quality and dependability of our police department."

Polt caught the two juveniles inside the building after they had ransacked several rooms and the kitchen area, and were collecting various items allegedly to remove from the building.

Chief Bridick also submitted the police department report for the month of August and noted that there has been an 11.8 per cent reduction in crime compared to August 1976.

Assault and battery cases were down by three, thefts were down by six, burglary down one. The report showed auto thefts increased by three and there was one rape in August, and none in August 1976.

Major crimes in August 1976 totaled 51. There were 48 in August 1977.

Scarsdale ends Navy boot camp

Mrs. Harvey (Mary E.) Scarsdale, 2408 Nameoki Road, was on hand Sept. 2 in San Diego, Calif., for the graduation of her son, Bobby Lee Scarsdale, in ceremonies at the U.S. Naval Training Station in San Diego.

Recruit Scarsdale has completed boot camp and will remain two weeks at the San Diego base for advance training. He is expected to be assigned to a Navy base on the east coast.

The serviceman is a 1976 graduate of Granite City High School South and was employed at A. O. Smith Corp. here before enlisting in the U.S. Navy on July 10.

While on the west coast, Mrs. Scarsdale also visited points of interest in the San Diego bay area.

MISS ALICE V. PAUL

Mitchell, who has retired from employment at the Olin Corporation's East Alton Olin Works. Miss Paul, a veteran of 33 years of service with the company, was employed in the Empty Shell Department of Olin's Winchester-Western ammunition operations.

North, South, Madison on gridiron this weekend

For Tom Wyrostek, Nick Jackich and Stan Wojcik, it has come down to the final hour. Pre-season practices will end tonight for Granite City North and tomorrow for Madison and Granite City South. The regular football season starts this weekend.

For Wyrostek's North Steelers, the season starts tomorrow night at home (South Field) against Cahokia. Game time is 8 o'clock.

Cahokia's Commanches finished last season with a 2-4 Southwestern Conference record, good enough for fifth place.

Coach Jim McKay says that he has enough returning lettermen to make a difference. Last year, the Steelers beat Cahokia 14-6.

Wyrostek says that this season is no rebuilding year. "Most of the talent will have to come from the senior class. They have to go out there and play."

"If they're not the caliber of talent for the teams we're playing, well, that's just too bad."

One gap that Wyrostek has to

fill is that left by the graduation of last year's quarterback, Greg Corey. He was the second quarterback in North's short history to gain over a thousand yards (1,344) in 1976.

The two top prospects to fill the spot are seniors Doug Rains and Mike Miller. Sophomore Tim Dudley is also a contender.

Wyrostek feels he has to change some from last year because of the lack of a "game breaker" as North had last year.

Gone is North's first 1,000-yard running back, Fred Clay. But there are several hopefuls to fill the empty space left by his departure.

The cornerstone—once again—for North will be defense. Most of the key performers are back from last year's defensive squad that allowed only 56 points and gave only two opponents more than one touchdown.

Madison coach Nick Jakich is in a different position from Wyrostek. Compared to North's 7-2 record last year, Jakich's Trojans went winless in nine games last year. There's no doubt they will be.

Defense—or the lack of it—is an obstacle the Trojans have to overcome. The Trojans allowed 381 points last year... but it's now a new season.

A highlight of Madison's offense has to be last year's leading passer in the area, Joe Pelchoncinski. Last season, he led the area with 824 yards by completing 46 of 139 passes.

Two strong runners will also

highlight the Trojans' offense. All-state basketball star James Heard will fill the gap at one spot with Earnest Davenport at the other.

Madison opens its season Saturday at 1 p.m. with a home game against St. Genevieve, Mo. Last year, St. Genevieve beat the Trojans 21-14, one of two 1976 ball games that Madison lost by one touchdown.

WYROSTEK: "This is no rebuilding year."

JAKICH: "We'll do the best we can."

"We're going to go out and do the best we can," Jakich said. "We're going to try everything to put points on the board and everything to keep our opponents off."

Granite City South opens its season Saturday night with a home game against Jefferson City, Mo., at 7:30.

Coach Stan Wojcik feels that an abundance of good running

backs could be his team's strongest point.

"We have an abundance of them and they're all good ones with good speed," he said.

One running back who won't be in the lineup Saturday night is 6-foot-2, 214-pound senior Jay Heubner. He fractured his leg in a pre-season practice and is out for the season.

Tony Elliot is expected to

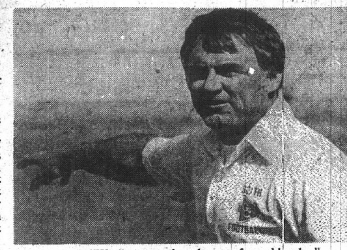

move into the spot vacated by Heubner. He's a 150-pound senior who Wojcik says can "come and get you. He likes to stick his nose in there."

Mike Forshee is expected to start at quarterback for the Warriors. The spot was vacated by the graduation of Keith Champion. Forshee saw some time at quarterback in addition

to doing well at a running back spot last year.

But with only eight returning lettermen, Wojcik is calling this year a "rebuilding one."

"Because we don't have many seniors, our juniors will get a lot of playing time," Wojcik said. "We have good size in the junior class. I hope each game that they learn and turn into good players."

WOJCIK: "We have an abundance of good backs."

Press-Record

Sports

Steelers belt St. Dominic, 6-1

Bob Kehoe was more pleased Tuesday evening than he was last Saturday, even though the result was the same. His Granite City North Steeler soccer squad had just won its second game in two starts, 6-1 over St. Dominic's of St. Charles, Mo., at North's home field.

"We were thinking pretty well out there," said Kehoe. "The passing game was clicking well and the anticipation was better."

On Saturday, Kehoe's athletes won their first game of the season, 1-0 over Quincy (Senior) on a last-minute goal. But Tuesday's game was different.

Eric Thornburg scored for North at 10:00 of the first period to grab a 1-0 lead for the Steelers. But that lead didn't last long.

At 8:46 of the third, Dan Biechle scored a goal past North goalie Mike Hill to knot

up the score. But THAT didn't last long.

Just two minutes later, at 6:36 Thornburg got his second goal, on an assist from Mark Jones.

Just before the end of the first half, Jones himself got a goal to make it 3-1 at the half. Could the Steelers be in on a romp?

St. Dominic's did everything possible to try and prove that it wasn't going to be a runaway. Things lightened up in the second period.

But 14 minutes into the second half, North got on the scoreboard again, this time on a penalty kick. Marty Dooley put one in the net to extend the Steeler lead to 4-1.

Sophomore Kevin Robertson scored an unassisted goal at 24:05 and Eric Painter scored North's final tally with less than a minute remaining in the game to make the final margin of victory 6-1.

"There's a great deal of mental work that goes into a

win like this," Kehoe said. "It's almost uncanny how a player will know where a teammate is going to be when he passes the ball... it's almost like a sixth sense."

"It was a good team effort," he added. "The scoring was spread around, which I like to see."

"Of course, if one guy scores all of the goals, I'll be glad to take that, too."

When asked if there was one particular player who stood out in his mind as having made a singular contribution to the game, Kehoe repeated his earlier statement.

"Like I said, it was a team effort. To me, no one particular player was what I would call the 'star of the game'... in fact, I think of like in that way."

"If there isn't one outstanding star and your team is strong, the opposition can't single out one player on your team as 'the one to stop.'"

"That way, there are fewer visible weaknesses on your team."

But Kehoe gave the opposition in Tuesday's game a compliment: "They came back to tie the score after being behind," he said. "In this game, that's a hard thing to do."

North's sights are now turned toward this weekend. This Friday and Saturday, the Steelers host a four team round-

robin sort of affair. They host two Chicago schools, Gordon Tech and Morton West, in addition to Granite City South.

North will play Morton West in the first game Friday at 3:30 p.m. South plays Gordon Tech at 5 p.m.

On Saturday, the opponents will be reversed. North meets Gordon Tech at 11 a.m. and South takes on Morton West at 12:30 p.m.

Baker breaks St. Paul record

Granite City North cross country star Mike Baker did his thing again yesterday at the St. Paul (Highland) Invitational meet, held at the Highland Country Club.

Baker ran the course in record-breaking time to the tune of 14:14. The record he broke (14:16) was his own, set last year. But North finished fourth overall with 105 points.

Granite City South once again finished ahead of its crosstown rivals. The Warriors finished in second place with 96 points, well back of first place Belleville East's 61 points.

South's Dave Houston

finished sixth overall. James DuMont was 11th, Ken Meagher 21st and Dave Taylor, 24th.

For North's Steelers, Greg Stout provided them with a strong one-two punch.

He finished second behind teammate Baker with a time of 14:57. There was a big gap between Stout and North's next finisher, Eric Hickam placed 15th and Danny Webb finished 42nd.

The order of team finishes was: Belleville East 61, Granite City South 96, O'Fallon 98, Granite City North 105, Centralia 117, Edwardsville 172, East St. Louis 197, East St. Louis Lincoln 206, Mascoutah 210, Highland 226, Bellalto 280, Wood River 300, Collinsville 342, Roxana 365 and Jerseyville, 379.

STEELER SOCCER player Marty Dooley seems almost blocked off by a St. Dominic player during play in Tuesday's game at North field. North won the game 6-1.

Parade will start 'Y' fall soccer activities

The Tri-City Area YMCA will kick off its fall soccer season this Saturday with a parade. The parade will originate at Nameoki School starting at 9:30 a.m. and will proceed east on Pontoon Road to St. Elizabeth's soccer fields.

Teams representing the UMCA Soccer Association will

be accompanied by the Granite City High North marching band. Gifts donated by local businessmen will be given away at the conclusion of the parade. Then the fall season will officially open.

The first game will feature Team No. 3 against Wood River at 11 a.m. The second game will be Mitchell No. 1 against Granite City Steel Credit Union at noon.

At 1 p.m., Mitchell No. 2 will play Kelly's Kids and, at 2 p.m., Eddie's meets St. Elizabeth's. All games will be at the St. Elizabeth fields in Granite City.

Fast pitch tourney begins Saturday at Wilson Park

The seventh annual Granite City Fastpitch Softball Tournament will be held at Wilson Park in Granite City beginning this Saturday (Sept. 10) and continuing through next Friday (Sept. 16). Tournament director George Cooke has an eight-team tournament lined up.

The first game will be at 1 p.m. Saturday between Hook's Tavern and Davis Funeral Home. The winner of that game will play the winner of Saturday's second game at 1:30 p.m. Sunday.

Saturday's second contest features the Eagles against Pete and Mary's at 2:30.

At 4 p.m. on Saturday, One Hour Martinizing plays Slide's Riders. The winner of that game plays at 3 p.m. Sunday against the winner of the final Saturday game. That game will be at 5:30 p.m. Saturday and will feature the Tri-City Maroons against a team from Livingston, Ill.

The tournament is a double-elimination one and trophies — to be donated by the Granite City Amateur Softball Association — will be awarded to the first and second place teams.

South destroys Maroons, 13-0

WHY IS THIS MAN SMILING? One reason could be that his soccer team is undefeated. South Coach Gene Baker's team is 3-0 and has shutout the three opponents, 40-0 collectively.

It's getting to be not IF Granite City South's soccer team is going to win, but by HOW MUCH. It's also going to be a moral victory for some team just to score a goal on South.

The Warriors kept up their winning ways Tuesday, smashing the first-ever soccer team from Belleville West, 13-0 on South's field.

But South Coach Gene Baker doesn't minimize the opposition. "I would have to say that Belleville West is a better team than the first two we played (Waterloo and Springfield South East)," said Baker. "They're going to surprise some people before this year's over."

Baker said he was pleased with his own team's performance. "We were in the right places at the right time," said Baker. "We watched for position and seemed to have our heads on."

"The lopsided score really doesn't reflect the type of game it was," said Baker. "They're a very good team... it just boiled down to a lack of game experience."

Fred Schuler opened the scoring for the Warriors at 6:42

of the first half. He scored an unassisted goal to give the South team a 1-0 lead.

That lead became 2-0 at 8:49 of the first period when David Fernandez — South's freshman standout — scored his fourth goal of the year. Then it was Schuler's turn again.

He scored on an assist from Joe Theis to make it 3-0 at the 15:42 mark.

"Fred was a pleasant sight for us," Baker said. "He was thinking well out there and did a fine job for us... I was very happy with his play."

But Schuler wasn't the only Warrior who had a standout day. Greg Feigl scored what was the first of two goals for him Tuesday as the 18:23 mark to make it 4-0 on an assist from Gary Phelps.

Mark Goldschmidt didn't want to be left out of the day's festivities, so he put one in at 18:22 on an assist from Mendoza to make it 5-0 before Feigl scored his second goal at 27:35 to make the halftime score 6-0.

Goldschmidt continued where he had left off at the start of the second half. He scored an unassisted goal at 6:36 to make it 7-0.

The scoring surge kept up for

South. The Warriors added six more goals against Belleville West before they put their gear away.

Schuler got his second goal on an assist from Feigl at 17:04. Steve Spencer got a goal at 23:07 and John Beljanski scored at 25:08.

Fernandez scored his second goal of the day at 31:06 on a pass from Schuler, and Larry Pinkston scored his second goal of the year and South's last of the day at 36:52 on a pass from Ken Prasma.

Pinkston is the player who scored the goal that broke South's individual game scoring record in last week's 16-0 rout of Waterloo.

What about the lack of pressure on South's goalies? "We have a lot of confidence in our goalies," said Baker, "even though they haven't been tested very much so far."

"They've been working hard in practice and I know they can do the job."

They very well could be in for their first real test — and perhaps one of their toughest of the entire season — this Friday and Saturday.

The Warriors will participate

in a four team round-robin affair with Granite City North and two Chicago area teams — Morton West and Gordon Tech at North's field.

South plays Gordon Tech at 5 p.m. Friday and plays Morton West at 11 a.m. on Saturday.

"Coach Kahoe and I worked this out between us and I think it will give our guys a real test."

Fans in this area get a chance to see high school soccer at its best when South and North get together with the two schools from Chicago.

"The suburban schools can get pretty physical," said Baker. "I really don't know what to expect from them besides that... but there should be two real good games both days."

Baker could have left himself open to criticism by some of this early schedule is too lax. "I feel that with the schedule the way it is, we can see people in our lineup whom we may have to call upon later in the year," Baker said. "This way, we get to see what more of our roster can do in these games that, on paper, we should win."

What about the schedule, looking into the not-so-distant future?

The Warriors, having been at home for the first three games of the season, will have what will virtually be two more games in a row at home this weekend, both of the games being at Granite City North against out-of-town opposition.

Next Monday, the defending Illinois state champion Warriors are entered in the Catholic Athletic Soccer Tournament in St. Louis to be held through next Sunday, Sept. 18.

But then begins another string of home games. They play another three in a row on the friendly confines of their home field. On Sept. 22 they play St. Thomas Aquinas, on Sept. 23 they play Chicago Schurz and on Sept. 24, they host Roosevelt High.

But for the time being, it's the two schools from Cook County that Baker and his charges have to worry about.

After what could be called by some an "exhibition season," South's defending state champs will go about the business of defending that crown against the guys from the windy city this weekend. It should be interesting.

GC golfers split

Granite City High School North's golf team won its fifth match of the season Tuesday at Locust Hills in Lebanon, 159-164 over Leganona.

But the other Granite City high school golfers didn't fare quite as well, even though they managed to put a scare into their opponent.

South lost to Belleville East, 161-167 at Arlington Golf Club here, also on Tuesday.

For North, Russ Chappell was the top finisher, shooting a 37. But he was done one-better by Lebanon's Dave Domico, who fired a 36.

Dan Harper shot a 39 for North, George Bartz a 41 and Chris Andrews a 42.

Lebanon's other top finishers were Kevin Heise with a 37, Jim Heise with a 45 and John Analla with a 46.

For South, Ben Brown was the top finisher, firing a 39. But he was also outdone by the op-

position, Bob Curtis shot a 38 for the Lancers East to claim medalist honors.

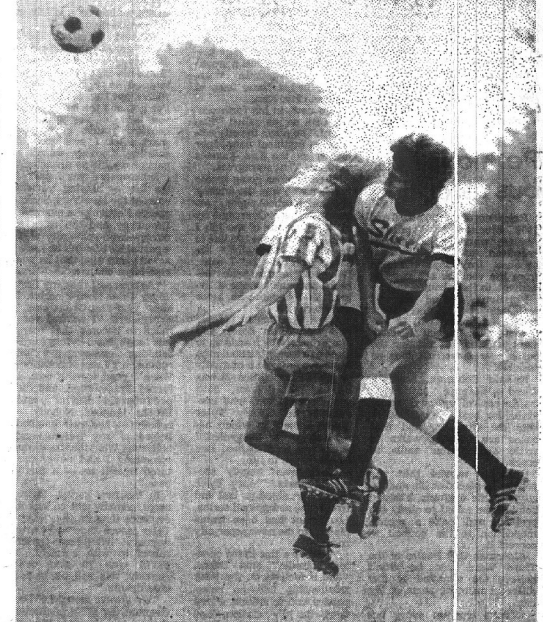

Herman "Dutch" Schroeder shot a 40 for South to finish second to Brown. He was followed by Joe Juneau with a 42 and Joe King with a 46.

Belleville East's other top players were Dave Weidman with a 41, Brian Philbrick 41 and John Simms, also 41.

North's next match is this afternoon. The Steelers host Triad at 4 p.m. in the first home match of the season, at Arlington.

Both North and South are entered in the Quincy (Ill.) Invitational Tournament being held this weekend. The play is set to start at 8:30 a.m. Saturday.

Venice hires new high school coach

Kenneth E. Perkins, freshman and sophomore coach at Oakland City Junior College, Oakland City, Ind., was hired as head coach for all sports at the Venice High School by the Venice Board of Education at last night's meeting.

Perkins replaces Richard Essington, whose letter of resignation as coach was received by the district one day before the 1977-78 school year started on Aug. 24. His resignation was accepted by the board Wednesday.

The timing complicated the board's hiring efforts, which had a field of more than 20 candidates applying for the position initially, it was asserted.

Most of those seeking the job were coaches established in other school districts, board members said.

Perkins, 27, was employed as grade school coach and social studies teacher in the Venice School District during the 1974-75 school year.

He received his bachelor of science degree in government from Southern Illinois University at Edwardsville, and his master's degree in counseling and psychology from the University of Evansville, Ind., this year.

The new coach will teach high school social studies and physical education in addition to his coaching assignment. At Oakland Junior College, he also was an admissions counselor and is a certified driver education instructor.

In other business, the board ratified a two-year working agreement with Building Services Employees Union Local 98, calling for a 10 1/2 cent hourly raise this year and a 20-cent hourly pay hike in the 1978-79 school year.

The union represents cooks, janitors and secretaries in the Venice School District.

Board members also voted to change their regular meeting schedule to the first and third Thursdays of each month, starting at 7 p.m.

OUTDOORS Jigs lure fish from the deep

Some of the most effective lures for fishing deep are jigs. Unlike many artificial baits, leadhead jigs display little action of their own. A jig's appeal is determined by appearance and the method used to work it.

A fisherman can work many ways with a jig. He can bounce or hop a jig, swim it straight, retrieve fast or slow or near the surface or along the bottom. Here are some more important jigging tips to remember:

When casting for wall-eyes and bass, variations of the simple lift and drop retrieve often work best. While retrieving your jig, repeatedly pull the rod tip forward and let it back. This pumping motion of the rod allows the jig to hop along the bottom. This motion can be exaggerated with sharp sweeping strokes of the rod. Short twitches or even a straight retrieve may also work.

Use as light of monofilament line as possible with jig. The smaller the jig, the lighter the line.

For best results, tie the jig directly to the line. Avoid leaders, snags, swivels, and sinkers. If more weight is needed to cast against the wind, use a heavier jig.

Charge of reckless homicide

Richard A. Miller, 23, of Tower Lake Apartments at Southern Illinois University at Edwardsville, was arrested Wednesday morning on two charges of reckless homicide and appeared before Madison County Associate Judge John Day. The charges were filed as a result of a traffic accident on the campus Aug. 17, resulting in the death of two people.

Marjorie Jean Wilson, 22, Glenwood, Mo., and Wayne Dwight Dickinson, 22, Creve Coeur, were fatally injured in the head-on collision at 6:05 p.m. Aug. 17 on North University Drive, the main campus thoroughfare. Miss Wilson and Dickinson were in a northbound car that collided with a southbound auto driven by Miller and it was alleged Miller's car had crossed the center line.

Miller, whose home address is in Wood River, is a student at SIUE. He was not seriously injured.

Miss Wilson, a passenger in the Dickinson auto, was pronounced dead at the scene. Dickinson was dead on arrival at Oliver C. Anderson Hospital in Maryville.

Miller was released on \$20,000 cash bond and a \$20,000 secured bond, according to SIUE police. A preliminary hearing was set for Sept. 16.

Miller, whose home address is in Wood River, is a student at SIUE. He was not seriously injured.

Advance plan to treat Lansdowne sewage here

A meeting with Granite City officials to discuss a proposal for routing sanitary sewage from the Lansdowne treatment plant in East St. Louis to the Granite City secondary treatment plant will be sought by the Metro-East Sanitary District board. It was decided in a meeting at East St. Louis yesterday.

Decision to proceed with the long-standing proposal to resolve part of the sanitary district's secondary treatment problem was made Wednesday.

The plan would divert the Lansdowne plant sewage to the secondary plant here followed action by the sanitary board Tuesday.

The district's participation in a regional secondary treatment program.

The sanitary district had delayed approval of its own participation in the regional program because board trustees were not satisfied with provisions for administration of the plan.

In the regional program, a secondary treatment plant will be built in Sauget, financed with a bond issue. Its cost has been estimated from \$40 to \$70 million. The plant would serve the East St. Louis area, the Sauget and Cahokia area and Centerville Township.

Under the agreement signed by the drainage district board Wednesday, the district will give its sewage facilities in Cahokia and Sauget to the new regional program. The regional program also would reimburse

the drainage district for money, estimated at more than \$200,000, investigated in studies and planning for building its own sewage system.

In addition, Sauget will direct the money it needs for a study necessary to the repair of the main Cahokia trunkline sewer in several places for the last three years.

The agreement also provides that John Sprague, Belleville, a drainage district attorney, will represent the drainage district in its negotiations with the regional program administration.

Should the drainage district succeed in its plan to contract with Granite City for treating sanitary sewage from the Lansdowne treatment plant, the district virtually would be out of the treatment business.

The only exception would be that the district could continue to handle the billing for customers served by the Lansdowne plant.

The Lansdowne treatment plant presently provides only primary treatment. The drainage district, and the former East St. Louis Sanitary District before it, were under EPA mandates to construct secondary treatment facilities.

The EPA, however, later withdrew its grant offers to the district in 1975, when the program, in which it insisted the drainage district be a part.

Shakespeare was a part of his life — playing various roles at the New York Shakespeare Festival, for example. Broadway and the roles of narrow-eyed solemnity were a part of his life. But he knew, seven years ago, that he was ripe for a change.

"As soon as I read my first 'Mary Tyler Moore' script, I knew who Lou Grant was," Asner says. "I was sitting at a table now with Allan Burns and Jim Brooks, which adds up to three extremely talented men who have enjoyed a mutually profitable association. It was Burns and Brooks, both writers-producers, who conceived the 'Mary Tyler Moore Show' in which Asner's character, the gruff TV newsman who saved Lou Grant, came to life.

After seven highly successful years, "Mary Tyler Moore" is back on the air now, in the new spinoff series, Lou Grant has been transplanted to the newspaper city room.

"There's a line in the opening episode," said Burns, "and it focuses on the lousy relationship between newspaper and television. Fired from the TV station, Lou Grant has come out from Minnesota to take a job at a newspaper. He's about to meet the lady who publishes the newspaper. 'What- ever, you do,' Lou is told, 'don't tell her you've been in television for the last 10 years. Tell her you've been in prison.'"

"The lady publisher," Brooks points out, "is no more or less than Dorothy Schiller, for years the publisher of the New York Post. We haven't cast the actress yet to play her, but we tell her she's a lady in politics and very dignified with her own staff. She wouldn't give a reporter a raise, but she would arrange for a loan."

Until he was tapped to play Lou Grant in the "Mary Tyler Moore Show," Ed Asner was

known mainly as a villain of substantial menace.

"I used to attack those heartless bastards with grins and savagery," Asner says. "I had never been terribly interested in comedy. When you've got this sinister look I've got, and the bulky build, you tend to play a lot of heavy roles. Comedy guys who hear I was a villain, they say, 'I've got to be a villain, I've got to be a villain, I've got to be a villain.'"

POINT OF VIEW

Ed Asner moves to city editor job

By DON FREEMAN

HOLLYWOOD — Once, in the long ago, Edward Asner served as features page editor of his high school newspaper, the Wyandotte Post, in his home town of Kansas City, Kan.

And now, in his forthcoming CBS series called "Lou Grant," he plays the city editor of a mythical newspaper known as the Los Angeles Tribune. That's progress.

"I remember going to the teacher who was the adviser of our high school paper," Asner is saying. "Overcome by all the glamour of the job I became a journalist. I said: 'Don't do it.' I said: 'What do you do?' He said: 'You can't make a living. So I became an actor and starved.'"

Asner is sitting at a table now with Allan Burns and Jim Brooks, which adds up to three extremely talented men who have enjoyed a mutually profitable association. It was Burns and Brooks, both writers-producers, who conceived the "Mary Tyler Moore Show" in which Asner's character, the gruff TV newsman who saved Lou Grant, came to life.

After seven highly successful years, "Mary Tyler Moore" is back on the air now, in the new spinoff series, Lou Grant has been transplanted to the newspaper city room.

"There's a line in the opening episode," said Burns, "and it focuses on the lousy relationship between newspaper and television. Fired from the TV station, Lou Grant has come out from Minnesota to take a job at a newspaper. He's about to meet the lady who publishes the newspaper. 'What- ever, you do,' Lou is told, 'don't tell her you've been in television for the last 10 years. Tell her you've been in prison.'"

News notes

Governor James R. Thompson last week signed four bills to help stimulate development of solar energy sources in Illinois. "I think the legislation I am signing provides an excellent framework to permit the development and use of solar energy by Illinois citizens without governmental interference in the process," Thompson said.

The third Sunday of May each year will be named Citizens Day in Illinois as a result of legislation signed by the governor. Two other bills to assist the elderly were signed by Gov. Thompson last week, including House Bill 1191 designed to rectify "unscrupulous practices of some Medicare Supplement insurance agents."

Gov. Thompson last week signed a group of several dozen "protection bills" which change the language in Illinois law books to avoid discrimination against women. For example, either parent may now provide written permission for a minor's driver's license. Formerly, the law stated that the minor's father only could provide such permission.

Over 500 works of art and crafts created by residents of Illinois prisons will be on sale and display at the Department of Transportation Building in Springfield through the 18th. The free art show is called "Impressions from Inside-77" and will be open from 10 a.m. until 9 p.m. daily. Proceeds from the sale of artwork will go to the inmate artists.

Information collected by Landsat satellites will be used to monitor the growth of pollution in Southern Illinois. The Illinois Environmental Protection Agency announced that the agency is developing a program last week. So-called "nonpoint sources" of pollution which are hard to identify are the target of the satellite search.

THOMPSON vs. REDMOND Heavyweights watch from the ringside

By KEN WATSON

SPRINGFIELD — It's an unlikely contest, but it's the only game in town.

That's the Statehouse view of the current exchange going on between Republican Gov. James R. Thompson and Democratic House Speaker William A. Redmond of Bensenville.

The two have relieved the political monopoly by carrying on a long-distance debate on pending crime legislation and the prospect of a future tax increase.

It has been conducted via speeches, several Chicago radio panel shows, interviews and relays through the governor's press office.

The Thompson-Redmond verbal feud is interesting for several reasons.

Thompson has been given a virtual pass from criticism by most top-ranking Democratic leaders including Secretary of State Alan J. Dixon, Republican and Democratic House Speaker Richard J. Daley as the titular leader of Illinois Democrats.

Redmond in two terms as speaker has been most criticized for an alleged lack of foresight and leadership in the legislature.

Yet the diminutive one-time child model and former wrestler is suddenly the political man with the towering Thompson while the death of Chicago Mayor Richard J. Daley is

Thompson started the unusual feud by publicly criticizing Redmond for blocking in the final days House consideration of Thompson's personal criminal legislation which would amend another bill.

Redmond ruled that the amendment was not germane to the original bill, as saying there will be no increase in the income tax through

crats have 94 to 83 edge over the Republicans in the House.

The crime issue will come before the legislature again in a special session in October. The calling of the special session was another irritant to Thompson in regard to Redmond.

The governor had earlier declared that he would call a special session if the legislative package during the special session, but Redmond and other legislative leaders moved in ahead of the special session to call their own special session on crime bills.

Even some Republicans share the suspicion that Thompson is trying to use "get tough" crime legislation as a political football to further strengthen his reelection chances next year.

Thompson is not on crime, probably the most popular political position since motherhood and Democratic leaders are determined that Thompson will not back in the spotlight alone.

The original House approved bill — 1500 — was the product of a two-year study by a bipartisan commission which has generally been accepted as more soundly drawn than Thompson's proposal.

But Thompson insists that his years of experience as federal prosecutor has given him a greater grasp of the crime problem including the best ways to cope with it.

Thompson's office quickly issued a denial, which was, however, a qualified one. James Williams, assistant press secretary, quoted the governor as saying there will be no increase in the income tax through

Petitions ask bus rerouting

Residents of the 2100, 2200 and 2300 blocks of Woodlawn Avenue want B-State buses rerouted off their street because, they say, vibration from the vehicles causes damage to their homes.

Petitions signed by 87 residents of the three-block area were presented to the Granite City Council Tuesday night, with the request that the buses be removed as soon as possible.

Ronald Coleman, Seventh Ward alderman, said that traffic control by lower speed limits for buses has failed to help the situation, and that buses are causing walks to crack and plaster walls to crack.

Coleman moved that the petition be placed on file and the city's traffic engineers, Edward Schulze, be asked to study the problem and make a recommendation to the council to correct it.

Alderman Roy Poulos of the Third Ward said he didn't believe the situation was any different in other parts of the city.

"That's true on every bus route in the city," Poulos said, adding that "you can take the buses as far as I'm concerned."

No extension on sewer bids

Contractors who bid a total of \$15 million in 18 construction categories for building sanitary sewers in Nameoki, Venice and Chateau Townships have made no offers to extend their bid offers. It was learned by the Press-Record today.

Bid prices had been retainer by the contractors to a deadline of Aug. 30, but no further word as to extending the contract costs has been received.

Construction of the sewers has been held up by court proceedings, now in the Appellate Court, in which a group of objectors are opening issuance of bonds to pay the county's one-fourth share of the project. An EPA grant of \$12.5 million has been extended to March 1, 1978.

Toward a super Capitol Complex

By CARL CARSTENS

SPRINGFIELD — Who can remember when they weren't wondering about the Statehouse? Alas, Lincoln!

At least that's the wisecrack answer beneath the Capitol Dome where the sound of jack-hammers, electric saws and the plain old hammer have been as constant as the ringing of the bell.

That was a good-natured comment a few years back by a respected legislative reporter from Decatur. But it undoubtedly reflected the prevailing attitude among the citizens of Springfield's rival city to the east.

No is Decatur alone in its envious sentiments. An anti-Springfield attitude surfaces occasionally in the legislature where lawmakers often question whether the state is spending too much money here.

"Not another one" is a frequent response in House and Senate appropriations committees when another of the seemingly endless bills for a new building project comes up for consideration.

It is probably just as well that the legislature had adjourned before the July unveiling of yet another long-range development program for Springfield's Capitol Complex.

Lawmakers, who since January had spent six months trying to convince the voters back home that they were holding the lid on state spending, might well have been incredulous by the announcement of plans to spend some \$200 million in the Capitol city by the beginning of the next century, only 23 years away.

The legislators have the final say on just how much and what is not built in Springfield and the long-range future of the city could become a major issue in the 1978 session.

GC bills to hike salaries delayed

Two ordinances establishing salary increases for city department heads and appointive officers were sidetracked by City Council members Tuesday night in a debate as to whether the raises should be granted before the city completes new working agreements with city employee unions.

Although motions were made in both instances to suspend the rules and place the salary bills on final passage, both were defeated after some aldermen maintained that terms of new working agreements for union employees might also affect new salaries proposed for passage in the two bills.

Council members went along, however, with a motion to place the two ordinances on further reading. They will be subject to further council action at the next meeting on Tuesday, Sept. 20.

Finance officials told the aldermen the raises contained in the ordinances were based on 6 per cent increases that already are provided for all city employees in the new 1977-78 city budget. None of the increased salaries are yet being paid from budget allotments, however, pending negotiation of working agreements.

One of the ordinances provided that the city pay \$5,516 per year as part of the salary of Anthony Rusick, city building inspector. The measure noted that at the time he was appointed building inspector, Rusick was employed under the Comprehensive Employment Training Act, receiving \$9,720 annually.

The ordinance says that "The City Council . . . is desirous of providing the difference of \$5,516 per year in the annual salary which Anthony Rusick receives from CETA and the established annual salary of the building inspector of Granite City."

Alderman Sam Whitmer challenged immediate action on any salary adjustments at this time, noting that "Any fringe benefits worked out by the negotiating committee surely will apply to these people, too."

Whitmer said he believed the council should wait for completion of new working agreements before raising any salaries.

"I've been hearing that the people (union employees) are talking now about more vacations. If we would grant more vacations than that more

money. I think we should hold up the entire thing."

Alderman Charles Douglas expressed criticism of Rusick and said that whether or not he eventually votes for the salary raise for Rusick will depend upon Rusick's work in the future.

On a motion to suspend the rules for final passage of the ordinance increasing Rusick's salary, the vote was 8 to 6. Lacking the minimum of ten votes for the suspension motion, the final passage procedure was defeated. The aldermen then approved a motion to place the ordinance on final reading.

The second ordinance establishes raises for 15 appointive officers, most of them based on the six per cent granted to other employees in budget computations.

For the city's legal staff, the ordinance increases the salary of City Attorney George Filloff from \$1,256 per month to \$1,333 per month; Irvin Slate, city civil attorney, \$833 to \$883 per month; Lance Cellis, assistant city attorney \$184 to \$195 per month, and Casper Nighoshian, condemnation attorney, \$479 to \$508 per month.

The bill also would increase the salaries of Fire Chief Don Parente and Chief of Police Ron Veizer from their present \$1,695 to \$1,796 per month, and raise the salary of City Engineer Moore Browney from \$1,898 to \$2,001 per month.

Edward Schulze, highway and traffic engineer, would receive a raise from \$1,458 to \$1,545 monthly, and Dave Nolan, engineering technician would be raised from his present \$800 to \$925 per month.

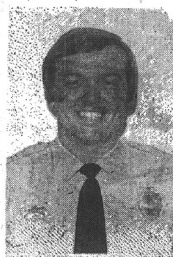

In the inspection department, salaries of Emerald Dawes, city inspector, would be raised from \$1,197 to \$1,269 per month, and Plarce Warfield, assistant inspector, would be raised from \$1,002 to \$1,100 per month.

The ordinance, if passed, also would increase the salary of Robert Jackson, superintendent, from \$1,526 to \$1,617 monthly and Ernest Hubbard, assistant superintendent, from \$1,280 to \$1,335 monthly.

James Stack, assistant superintendent of streets, would receive a raise from \$1,250 to \$1,325 monthly.

Several aldermen particularly criticized the salary raise for Nolan because it amounts to approximately 15 per cent rather than the 6 per cent guideline figure.

Alderman Ronald Coleman of

NEW OFFICER FRIENDLY, who assumed his duties yesterday, is Granite City Patrolman Fred Hoffman. Hoffman replaces Glenn Wright who was promoted to sergeant and returned to the patrol division. As Officer Friendly, Hoffman will coordinate the public relations activities of the police department and will work with school children in safety programs.

Nameoki police dance Saturday

A benefit dance to aid the Nameoki Volunteer Police Department (Miracle Manor area) is scheduled Saturday from 9 p.m. until 1 a.m. at the VFW Hall, 204 Washington Ave. The public is invited to attend.

Music for dancing will be provided by the Novus 4. Tickets, costing \$10 per couple or \$5 for an individual, may be obtained at the door, or by calling 931-6116 in advance of Saturday.

The cost of the tickets includes free beer and setups. Mrs. Rickey Garcia, dance chairman, said.

Proceeds from the event will be used to help defray the expense of upkeep on the volunteer law enforcement group's squad car and insurance fees. Both items are the responsibility of the volunteer force, Mrs. Garcia explained.

The Seventh Ward said that Nolan, who has been with the city two years, has become an invaluable employee in handling engineering projects and that his present abilities would qualify him for a job with the state or other engineering facilities at a much higher salary.

May phase out Stallings School

By GARY SCHNEIDER
Press-Record Staff Writer
Granite City school officials soon may be asking the parents of Stallings School students how they would feel about proposals to close that 70-year-old school and transfer the children to three nearby schools.

Tuesday night, the Granite City Board of Education gave Assistant Superintendent Frank Kraus approval to begin contacting parents of children in that school district to learn their feelings about a possible school closing.

Closing of Stallings School was recommended by the district's Task Force on Declining Enrollment which was charged with determining how the school district can use the declining student population to help reduce costs.

As enrollment declines, so does state aid to the school district, since state aid is distributed on the basis of average daily attendance.

The task force, then the committee on redistricting, began its study two years ago in conjunction with the district's Citizens' Advisory Committee and PTA volunteers.

A house-to-house survey of pre-school children was conducted to help determine how many children will be entering kindergarten and the lower grades in the future.

The study showed there would be far fewer children in the lower grades than anticipated in a 1968 report by the Southwestern Illinois Metropolitan and Regional Planning Commission which had been used for most future planning.

The SIMRUC study estimated 1,730 kindergarten students in the district for the 1977-78 school year, while actual enrollment was only 916. The 1968 study also estimated elementary school enrollment this year at 8,850, but it is only 5,113.

The task force concluded several factors reversed the growth pattern and slowed the enrollment trends. Closing of major employment sites, the slow-down in housing construction, and the moving of many persons still employed in Granite City into houses near the city but in other school

districts were cited as main causes.

The school district noticed many benefits from the declining enrollment, including smaller classes; phasing out sub-standard classrooms and portable facilities; adding learning centers, libraries, music rooms and other facilities into vacant rooms, and closing Central Junior High School, the task force noted.

However, the declining enrollment also brought a decline in the amount of state aid funds received, and a financial problem resulted, it was added.

The task force praised the school district's decision to build Granite City High School North, instead of the planned combination elementary and junior high school building, citing an increase in the high school population during the decline in the lower grade levels in population.

Even the closing of Central did not overwork the existing junior high schools, the report noted.

It was concluded, however, that the district should begin to study the possibility of closing junior high schools, the report noted.

The 1968 study suggested five elementary buildings be phased out by 1985 — Washington, Stallings, McKinley, Logan Annex and Webster.

The task force on declining enrollment studied that recommendation and narrowed the immediate list to Washington and Stallings schools.

A study of the two schools showed that Stallings transports nearly all of its students to and from school each day while all of Washington School's students walk to school.

UNDERCOATING—RALPH'S TEXACO 22ND & MADISON AVE.

USE TIME-SAVE MONEY USE WANT ADS

The boundaries of the three school districts which have experienced the sharpest drop in enrollment touch the boundaries of Stallings School, which also has experienced a sharp drop in enrollment.

The report contends, the students at Stallings can be absorbed by the three nearby schools with no additional transportation and without affecting the present ratio of students to teachers.

Phasing out Washington School would mean busing students who now walk to school and would require additional building at New Logan School, according to the study.

It was concluded Stallings should be the first school to be phased out by the district. "What would it mean to the school district? The phasing out of a school would reflect a considerable savings of dollars at a time when revenue is getting tight," it was concluded.

Considerable opposition is anticipated to closing the historic school, which was founded in its own school district in 1907 when Marcus B. Moore was president of the school board for the Stallings School District.

"It is going to be a matter of education and education," Kraus told the board, adding he believes parents can be informed by letters of the plan and after it is explained that the quality of education for the students will be maintained in their new centers.

A public meeting to explain the program and answer questions will be scheduled after initial attempts have been made to explain the possible school closing.

Chances are, your home telephone service will never fail you. But if it ever does, getting it fixed is as easy as calling Illinois Bell's Repair Service.

Just dial the number listed in the front pages of your phone book.

We have over 5,000 repair people working for you, so you can normally expect prompt service. And there's no extra charge as long as the equipment is Bell's and the damage was not caused by abuse or neglect.

Occasionally, though, repair orders do get bunched up. So if you still can't make or receive calls at your home 12 hours after you've notified Repair Service,

you can ask for a credit for the time you were without service.

Just call your Business Office at the number listed on your phone bill and in the phone directory. Your Service Representative will look into it for you and determine what credit is due, based on your monthly service charge. (For example, on a monthly charge of \$12, a one-day refund would be 40¢.)

How to get credit for an out-of-service phone is one of the many money-saving facts and ideas you'll find in our new booklet, "Consumers' Guide: Home Telephone Service."

To get the most out of your phone service, send for a free copy.

Please send me a free copy of "Consumers' Guide: Home Telephone Service."

North cross country meet this Saturday

Plans have been completed, and everything is ready for the Granite City High School North Cross Country Invitational meet to be held this Saturday (Sept. 10) at North.

North cross country coach Pete Robinson has assembled some of the most powerful cross country schools in the area.

"Alton, South (Granite City), Edwardsville, Centralia,

Bellefonte's schools — the list goes on and on," said Robinson. "I think this is probably the best invitational in Southern Illinois."

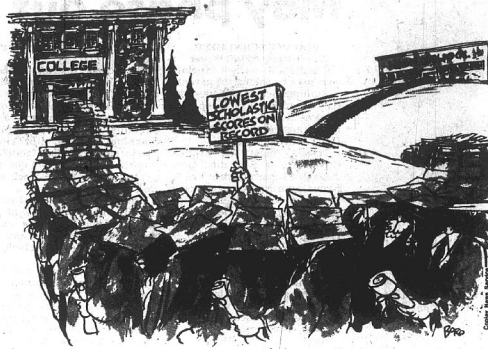

Also being featured at the meet will be North's own star runner, Mike Baker. He owns the course record for the invitational, as he does for just about every tournament in the area.

The meet is scheduled to officially begin at 10 o'clock Saturday morning at Granite City High School North.

In addition to Baker, many other of the top runners in Southern Illinois will be featured in the meet.

The surprising Granite City South team is among those entered. Coach Dick Harmon is pleased with his team's showing thus far and hopes for it to continue.

His Warriors placed second yesterday in the St. Paul (Highland) invitational meet held at the Highland Country Club.

Seith sets sights for Percy's seat

SPRINGFIELD — It's hard to defeat an incumbent United States senator in Illinois.

You almost have to have a war to do it.

It was the Vietnam War that brought about the downfall of the late Democratic Sen. Paul H. Douglas in 1966. The Korean War plus economic troubles spelled doom for the then-Senate Majority Leader Scott W. Lucas in 1950.

With those two exceptions no elected incumbent senator has lost an election in Illinois in more than 25 years.

Republican Sen. Ralph T. Smith, who was appointed by Gov. Richard B. Ogilvie to fill out the unexpired term of the late U.S. Sen. Everett M. Dirksen, was defeated by Democrat Adlai E. Stevenson after filling the seat for about a year.

In 1954, 1956, 1960, 1962, 1964, 1972 and 1974 incumbents won re-election with relatively little difficulty.

All this illustrates the problem faced by the current front-runner for the Democratic nomination for senator next year, Alex Seith, Chicago attorney. He hopes to unseat Republican incumbent Charles H. Percy.

There is no war on the immediate horizon, and even if there were it wouldn't help Seith because his party is in power and would get the blame for it.

But probably more of a threat to Seith's hopes than any remote war is a return to economic slowdown or recession. Failure of President Carter to make good on 1976 campaign promises of a more prosperous economy could hurt all major Democratic candidates in the off-year political testing of the new administration.

Seith is clearly a highly intelligent man and apparently more experienced in the workings of practical politics than one might expect of someone with an Ivy League background.

It is obvious that he does not in the least underestimate the dimensions of the challenge he has undertaken. Percy, after all, did win re-election in 1972 by more than a million votes and off-year elections do usually go against the party in power.

Seith in opening his campaign with a statewide fly-around took a unique and pragmatic approach to the forthcoming campaign. It appears, that from a personal standpoint, he is neither running against Chuck Percy nor with Jimmy Carter.

He is, he says, running against big government and this in our time has become about as popular a political position as coming out strongly for motherhood and apple pie.

"I will fight to get the federal government off your back and on your side."

Nobody from Chicago to Cairo is going to quarrel with that.

The question, however, is one to assume that Percy is for big government? If this were true he would be a rare Republican indeed.

In fact it is the Democrats who have been historically recognized as the party that stands for more government involvement in the nation's economic and social spheres.

Will Illinois voters, including those important independent voters who ultimately decide elections in this state and who have consistently supported Percy, accept a Democrat talking like a Republican? Assuming he retains the basic Democratic support in Illinois, Seith will have to woo the independents away from Percy and perhaps induce into his corner the Republican conservatives who never have been comfortable with Percy.

With that recession cloud hovering in the distance, it is

understandable that Seith would attempt to avoid any close identification with the Carter administration. But he must still be careful not to irritate party regulars.

This is especially so in Chicago where the Daley organization lives on despite the mayor's death. And any Democrat who expects to win in Illinois must carry Chicago big.

In his Springfield news conference Seith said that "I'm devising a basic approach to the federal government which hasn't been done before."

Part of his approach is a pledge to work against the funnelling of revenues to Washington and instead "keep our money here to work for us."

Seith, who has quite an extensive background in foreign affairs, is adopting a practical approach in this area too, and making an early play for the farm vote.

He contends that an intensive study of the Congressional Record has uncovered little Percy interest in farm matters. Seith hinted strongly that if elected to the Senate he would push programs to use America's vast farm productivity as a weapon in the international economic war.

"I want to concentrate on foreign policy things that pay off."

Hileman

(Continued from Page 1)

rifle stolen during a second burglary at the home of Ruth Wilson.

Hileman was questioned and allegedly surrendered some stolen items to police. He also allegedly recovered some items which had been sold to other persons.

Police further allege recovering one gun which another person said he was restoring at Hileman's request.

Yesterday's grand jury session began about 9:30 a.m. and continued through 7 p.m., when the indictments were issued. A judge was called in at 4:45 p.m.

A Godfrey murder case and another theft case were believed considered during Wednesday's grand jury session at Edwardsville. There was a no-trial bill on the Godfrey case.

Authorities said Hileman had not been arrested late this morning, but his attorney was believed to be in the County Courthouse making arrangements for his appearance. Bond has not yet been set, authorities said.

Legislators

(Continued from Page 1)

may be the Illinois Democratic candidate for governor, but it is uncertain how hard Chicago politicians will fight against Gov. Thompson.

McPike said the legislative process worked better than he had expected, in view of the diverse interests and geographic areas. He noted passage of more than 1,000 proposed laws.

The bulk of pending bills remain to be acted on by the governor, the breakfast gathering was told.

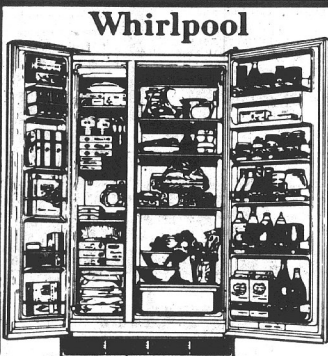

Legislators and members of the audience both expressed the belief that public aid programs have become so complex and led to so much abuse that governing agencies should consider "starting all over" in drawing up procedures and deciding benefits.

With concerned over abuses, Lucco also said "It's a crying shame" that many who deserve welfare help face long "red tape" and delay.

Efforts to upgrade the caliber of bureau staffs were urged. It was reported that the Assembly may seek through a statewide referendum, to extend the 1979 deadline on replacing the corporate personal property tax with a different tax.

Mrs. Ikey Hundley dies today

Mrs. Ikey S. Hundley, 70, of Rural Route Two, Edwardsville, a former resident of Granite City, died at 9:55 a.m. today at Oliver C. Anderson Hospital, Maryville, where she was a patient for 10 days.

Born in Mason Hall, Tenn., Mrs. Hundley leaves a daughter, Mrs. Boyd (Wilma) Johnson of Edwardsville; three sisters, including Mrs. Edward (Ruth) Courtwright of Granite City; four brothers and two grandchildren.

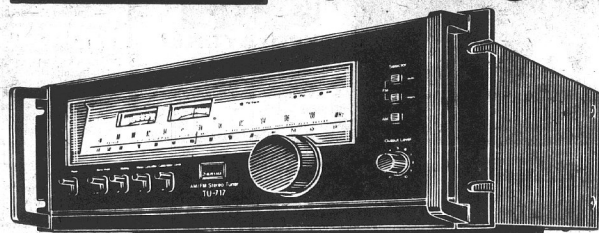

Services will be held at 10:30 a.m. Saturday at Bethalto (Ill.) Assembly of God. Friends may call after 5 p.m. Friday at Leslie Marks Funeral Home, 210 N. Kansas St., Edwardsville. Burial will be at Valley View Cemetery, Edwardsville.

BOY ON BIKE HURT IN FALL WEDNESDAY

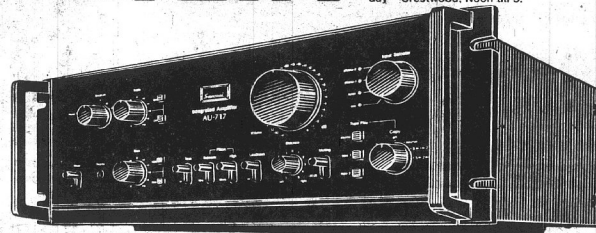

Matthew Worthen, seven, of 3811 Lincoln Ave., suffered a head injury when he fell from his bicycle at 6:15 p.m. Wednesday and struck his head. He was taken by ambulance to St. Elizabeth Hospital, where he was examined and transferred to Cardinal Glennon Hospital, St. Louis.

Sansui SPECIAL EVENT

Unlike the daring new Ales from Sansui, there are no revolutionary surprises in circuit design in the new TU-717 FM/AM stereo tuner. What is surprising is its strictly hi-fi performance under any and all environmental conditions—performance that never varies no matter how distant the transmitter or how poor the transmission quality of the broadcasts you want to hear. In looks and performance the new TU-717 is a worth match for the AU-717 amp. Its capabilities both as an FM/AM tuner and as a high fidelity instrument are extraordinary. Check out the details then audition the new TU-717 at your Sansui showroom, where it's all hi-fi. LOW-DISTORTION FM IF FRONT-LOAD SECTION If you've been disappointed by the poor performance of other so-called hi-fi tuners, you'll appreciate the care Sansui has taken in the IF section of the TU-717. It features true high fidelity frequency response, 20/20 stereo separation and low distortion—these specifications which make up its steady-state performance. But it also features a circuit design that shows minimum phase shift or group delay distortion—a factor which assures its dynamic excellence under actual listening circumstances. • WIDE-NARROW IF Bandwidth Selector This convenient switch has two positions—WIDE and NARROW. Under normal conditions you'll want the WIDE position to ensure best hi-fi reception in FM, distortion and other factors are optimized. • Adjustable Output—this level control lets you adjust output to your own taste.

\$288

• DC Configuration Sansui's all new AU-717 has an elaborate "DC" power amplifier configuration. It delivers a massive 85 watts per channel, min. RMS, both channels driven, into 8 ohms from 10 to 10,000Hz, with no more than 0.025% total harmonic distortion. At 1kHz output the distortion is further reduced to less than 0.025%. • Twin Power-Supply Construction Each channel (left/right) has its own power supply. Construction includes a large power transformer, a rectifier circuit, and two jumbo filter capacitors. Together they provide well regulated dual voltages to each major circuit block. Constant current flow is available on demand, and the frequency response ranges from the infrasonics to the ultrasounds. • Power Protection, two fail-safe circuits prevent DC components from appearing at the speaker terminals to threaten damage to your speakers. • DC Voltage Detection Circuit • Precision Volume Control Pot • Audio Muting • Two Deck-Tape Facilities and THAT'S NOT ALL • Preamplifier/Power Amp Separation.

\$428

ABOVE 2 MODELS AVAILABLE AT CRESTWOOD, BROWN CAMPUS, FAIRVIEW HEIGHTS STORES ONLY.

The Elegant Essentials

Clean dynamic performance. We've achieved it in the all-new AU integrated "DC" Stereo Amplifiers thanks to a daring design concept. Economy was not our prime objective in eliminating many of the unnecessary circuitry complications found in other amps. We wanted only to "concentrate on the real essentials."

Essential No. 1 — A True "DC" direct-coupled amp design. Not even one coupling capacitor is used in the circuit path or the feedback loop. Thus those factors which determine dynamic response, namely slew rate,

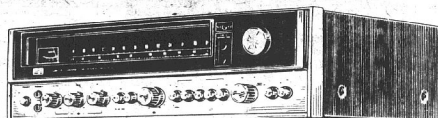

transient inter-modulation, are greatly improved. Frequency response now extends from DC (zero Hz) to an amazing 200kHz. Essential No. 2 — A precision phono equalizer with eight transistors per channel. It keeps R1AA equalization inaccuracy within a nominal ±0.2dB over a wide 20 to 20,000 Hz range.

Essential No. 3 — An ultra-low internal impedance left/right twin power supply. It assures clean, resolute sound image localization always.

The New TU717 FM/AM stereo tuner is a different story. There are

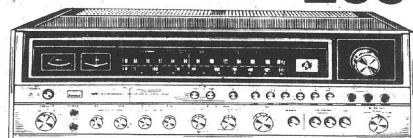

no revolutionary surprises here. Only excellence, its steady-state specifications and dynamic response factors are equally impressive. And the new TU is exceptionally versatile where it counts. Just one example is its selectable WIDE/NARROW IF bandwidth which the inside pages will explain in detail.

There's good news for the eyes, too. The new AU/TU models share the same new dramatic styling. In looks and performance, you benefit from the advanced design and engineering excellence pursued for over thirty years at Sansui — where it's all hi-fi.

• Sansui • BSR
• Soundmaster

The Sansui QRX5001 performs beautifully as either a stereo or full function quad receiver. It gives you the versatility you need to handle almost any combination of source material. System comes with the BSR 4800DX changer complete with base, dust cover and cartridge. A pair of Soundmaster 830 speakers fill out this all name brand system.

• Sansui • BSR
• Soundmaster

The Sansui QRX6001 has more power and features than most stereo receivers for a bargain price. This system includes two Soundmaster 100C 10" 2-Way speaker systems for stereo listening or buy two more for full function quad enjoyment. Also includes the ever popular BSR 2260AG changer with base, dust cover and cartridge.

• Sansui • BSR
• Soundmaster

• Sansui SP7500X Speaker Systems. Thunderous bass is delivered by a massive 16" woofer. Highs are equally good from the tweeter array. Beautiful walnut cabinet. EA

Flag waving big business

(Press-Record)
Washington Bureau)
When they run "Old Glory"
up the Capitol flagpoles, nobody
salutes.
They do not have time to.
On the average, more than 100
national banners are whisked

swiftly and unceremoniously up
Capitol flagpoles each day at
the request of senators and
representatives.
The flags go to individuals,
scout troops, veterans
organizations, churches,
schools or organizations that

have asked their congressman
for a flag that has flown over the
Capitol.
If the recipients are under the
impression their flag has flown
majestically from the Capitol
dome in full view of inhabitants
and visitors alike, they are

mistaken.
The nation's emblem does fly
in grandeur over the Capitol.
Flags fly around the clock near
the center of the East and West
"fronts" (officially, the Capitol
has no "back") and from the
roofs of the House and Senate

chambers when those bodies
are in session.
Those are not the flags that go
to constituents.
The request flags are hoisted
up and down flagpoles with an
electricity that would put a fast
food operation to shame;
banners are propelled up a
short pole in the time it takes to
say "hold the onions and the
pickles."
The flags are flown from

metal poles rising 15 to 20 feet
from a section of the roof be-
tween the dome and the House
chamber.
The flags, during the brief
ride, are almost totally out of
view from the ground.
The flag box lid is removed, a
hook is snapped into an eyelet
near the blue field and, with a
few quick tugs, the flag shoots
up the pole.
It then falls swiftly down and

is caught, disconnected and
slung back in the box.
Custodians who fly the banner
are not given any special
training in the proper way to
fold the flag.
"Just as long as you get them
in the box," custodian Calvin
Ford told us.
Observing the process, learn-
ing to conclude that a flag

recipient can be sure his flag
was unboxed and flown if it is
improperly folded.
There also is an absence of
instruction in how to fly the flag.
We are just told to make
sure the stars are at the top,
Ford said.
It is a big volume operation.
When I started 40 years ago, all
flags were flown for
congressmen. By 1975, the
number reached 34,924 for the
year.
The Bicentennial celebration
pushed the tally to a peak of
62,660 in 1976, with 10,471 flags
flown on the 4th of July.
Tom Ward, supervising
engineer for the Capitol,
remembers that day well.
Eighteen wooden flag poles
were erected to supplement the
three metal poles normally used;
for request flags, and about 60
persons were involved in
cataloging, transporting, flying
and certifying the flags.
"We started about one minute
past midnight because we did
not know what the weather was
going to be like and how long it
would take," he said. "We
finished about 10 a.m. ... If
I assume we will never see a day
like that again."
Business is back to normal
now. More than 21,000 flags
have been flown so far this year,
according to Mrs. Christine
Benza, who heads the flag of-
fice.
She and a staff of five receive
and catalog the flags and
prepare certification
statements for the flag
recipients.
The certificates say
Congressman Whoever has
presented Joe Dokes or the
Such-and-Such organization
with a flag that has flown over
the nation's Capitol.
When weather permits flag
flying, two or more members of
the custodial staff usually spend
at least a couple of hours
loading and flying flags.
They have to cart the flags
from the basement office to a
terrace where the carload of
flags is hoisted four stories to
the rooftop by a winch. The
flags are returned to the
flagroom by the same route.
"It does get pretty boring,"
said Ford. "And when it is
really hot, you cannot get
anybody to do it."
The process starts when an
individual constituent or an
organization writes his
congressman. Requests have to
be made through a
congressman.
In a few cases, constituents
will send their own flags, but
normally the congressman buys
a flag from the House or Senate
supply offices and is reim-
bursed by the constituent.
The only flags that are flown
are the 50-star flag and the 13-
star "Betsy Ross flag," ac-
cording to Mrs. Benza.
Prices range from \$4.41 for a
3x5-foot cotton flag to \$21 for a
3x5 nylon flag with gold fringe.
The flags are sold at the
government's purchase cost,
with no overhead added for
handling by the House and
Senate employees.
Mrs. Benza said her office
does not keep tabs on which
congressmen handle the most
flag requests, but the
distribution appear to be even.
Based on last year's record,
each of the 435 representatives
and 100 senators would have
averaged 137 flags.
It is a worthwhile effort?
That depends on whom you
ask.
"The flags may just go right
up and down, but the flag is a
symbol, and it is the symbolism
that counts," she said.
Congressional aide who handles
flag requests.

Memorial services
for Wm. Strehle
Memorial services were
conducted Wednesday in
Torrance, Calif., for William
Strehle, 68, of Long Beach,
Calif., formerly of Granite City.
He died Sunday, Sept. 4, in a
Long Beach Hospital where he
had been a patient for several
weeks for treatment of lung
cancer.
Mr. Strehle and his wife, the
former Gladys Johnson, were
married in 1936. He was born in
St. Louis.
While residing in Granite City,
the couple were active mem-
bers of the Loyal Order of
Moose.
Survivors include Mrs.
Strehle; a son, Wayne Strehle,
Longdale, Calif.; a daughter,
Mrs. Wayne (Gladys Mae) King
of Paducah, Ky.; a brother,
Arthur "Bud" Strehle of St.
Louis, and four grandchildren.

We depend on You . . . You can depend on Us:

• We want you to get what we advertise, so we plan ahead to have ample supplies. If a sell-out occurs, just see our Cashier for a 30-day sale-price "RAIN-CHECK".

• Our Policy: Each advertised item is required to be readily available for sale at or below the advertised price at all stores listed, unless specifically otherwise noted in this ad. (Our "As Advertised" store signs point them out to you.)

• Special sale-period prices are indicated by "Sale" or "Special" tags. Any other sale is every-day Walgreen price. Some regular prices quoted may vary in some stores. (Right reserved to limit quantities on all items.)

COHEN COUPON

TO MARRY, Miss Joan Elise Hollenbeck and her fiancé Robert Jacob Mueller. Their engagement is being announced by the bride-elect's parents, Mr. and Mrs. Otis Hollenbeck of Madison. A Feb. 25 wedding is planned.

Mueller-Hollenbeck betrothal

The engagement of Miss Joan Elise Hollenbeck and Robert Jacob Mueller, a son of Mr. and Mrs. Ervin Mueller of East St. Louis, is being announced by the bride-to-be's parents, Mr. and Mrs. Otis Hollenbeck of Madison. Miss Hollenbeck is presently employed at Sigma Chemical Co., St. Louis, and will be a junior student at Southern Illinois University at Edwardsville, this fall. She is majoring in biology.

Her fiancé is a graduate of the University of Illinois, Urbana, School of Agriculture and is presently a self employed farmer.

The engaged couple and their families are completing plans for a Feb. 25 wedding to take place at St. John United Church of Christ, Granite City.

Circle 835 holds memorial

Members of Our Lady of Fatima Circle 835, Daughters of Isabella, participated in memorial services before the September meeting at the Knights of Columbus Hall for Mrs. Cecilia Spinks who died in August. Past Regent Marionrose Lambert, Monitor Clara Schillinger and Chancellor Ann Pare conducted the draping of the charter. Regent Irma Manning presided at the meeting. Ann Pare opened with prayer and the pledge of allegiance was given by Martha Kozuszek. Mrs. Manning reminded the members of the membership drive going on and encouraged all to rededicate their efforts. She requested each one bring canned goods to each meeting until Christmas for the baskets for the poor. A nominating committee was appointed and the slate will be ready in October, it was noted.

The diocesan meeting will be held at the Lewis and Clark Hotel in East Alton on Oct. 7. Celebrating summer birthdays were: Ann Pare, Rosalie Johannmeier, Florence Portell, Florence Ashal and Stephanie Ruzic. A social hour with refreshments was held hosted by Marionrose Lambert, assisted by Glady Koisher, Veronica Kula, Mary Lahey, Lucy Lucido, Celi Mance, Wilma Mance, Irma Manning, Louise Mank and Elizabeth Mehelic.

MADRIGALS PLAN SALE A rummage sale will be held by Granite City High School South Madrigal Singers on Saturday from 8 a.m. until 5 p.m. and Sunday from noon until 5 p.m. at No. 45 Terrace Lane.

Pack 19 holds fitness contest

Cub Scout Pack 19 of Washington School held its final meeting of the summer last week, featuring Physical Fitness Championship.

Winners were as follows: 50 yard dash — Jake Varadian, John Varadian, Mark Siers and Robert Cornett.

Push-ups — John Varadian, sit-ups — Jake Varadian, softball throw — Jake Varadian and standing broad jump — Jay Huber.

Overall winners who will compete in the council championship are: 8 years old — Jake Varadian, 9 years old — John Varadian and 10 years old — Robert Cornett.

"BRING ON THOSE APPETITES!"

Meet Joe Barbiere, our Vice President in charge of fresh produce (shown on the left) and his assistant, Reg Mennerick (in photo on the right). Joe and Reg are inspecting an orchard of apples in Southern Illinois from which apples were picked and shipped to our warehouse for immediate distribution to our 20 supermarkets. Joe is shown out in the orchard checking the apples before the pickers do their thing. Reg is checking them as they go down the packing line before they are boxed and sent to us. Why don't you check our displays of apples in our stores for us. You'll see why Joe and Reg go out into the orchards before you get to pick out the best of the best!

MR. AND MRS. EMIL MUELLER, 2405 Lynch Ave., who will observe their golden wedding anniversary at an open house reception from 2 to 4 p.m. Sunday at St. Peter Evangelical United Church of Christ, 21st Street and Cleveland Boulevard.

Mr., Mrs. Emil Mueller to mark anniversary

Mr. and Mrs. Emil A. Mueller, 2405 Lynch Ave., will celebrate their 50th wedding anniversary Sunday, Sept. 11, with an open house reception at St. Peter Evangelical United Church of Christ, 21st Street and Cleveland Boulevard. Both Mr. and Mrs. Mueller taught school in the Granite City School District for 30 years prior to their retirement in 1962. The honorees are extending an invitation to relatives and friends to attend the social event from 2 to 4 p.m. They would enjoy seeing former students during the afternoon, according to a family spokesman. Lifelong residents of Granite City, the guests of honor were married on Sept. 15, 1927, at St. Peter's Church.

ENGAGED. Miss Angela Fay Hull and Dennis Jones whose engagement is being announced by her parents, Mr. and Mrs. Clyde T. Hull, 2608 Cayuga St. An October wedding is planned.

Jones-Hull engagement told

Mr. and Mrs. Clyde T. Hull, 2608 Cayuga St., are announcing the betrothal of their daughter, Miss Angela Fay Hull to Dennis Jones, a son of Mr. and Mrs. Robert G. Jones, 8237 Lakeview Drive. Both young people are graduates of Granite City High School South. Miss Hull attended Belleville Area College where she was employed in computer courses. She is now employed at B&K Bookkeeping Service, Granite City. Her fiancé is presently attending Southern Illinois University at Edwardsville where he is majoring in psychology. He is also employed at Central Hardware. An October wedding is being planned by the engaged couple and their families.

How the law looks at 'living together'

By E. J. DEMSON, J.D.

With so many couples living together without benefit of marriage vows, there is a noticeably increased interest in the legal aspects of common-law marriage.

Q. If a couple lives together in New York State for a year, can the man claim the woman's property as his own? If he stops sharing the bills, can he be forced to leave? And if the relationship is no longer friendly, what can be done to make him leave?

A. Common-law marriage has not been legally recognized in New York since 1933 (N.Y. D.R.L. Sec. 11), except when it has been contracted previously in a state which recognizes it.

Living together for a specified time in New York doesn't give the man any claim to your property. If he persists in staying with you, you may file an action against him with the nearest justice of the peace (N.Y. U.J.C.A. Sec. 204).

+

Q. My father-in-law bought a will for me to sign as a witness. It had already been signed by him and one witness. I tried to tell him an executed will must be witnessed by all present at the time the maker signs it. What does the law say? We live in Washington, D.C.

A. An executed will in Washington, D.C., must be in writing, signed by the testa-

tor (maker) or some other person by his direction if he is unable to sign. It must be attested and subscribed in the presence of the testator, by at least two credible witnesses. Otherwise it is void (Code of D.C., Sec. 18-103).

+

Q. A teacher of a young people's Sunday School class here in Hawaii asked me, a paralegal secretary, to give his class a review of the legal requirements for marriage in our state. Could you give me those requirements?

A. Hawaiian statute (Sec. 572-1) says that the parties to a marriage cannot be brother and sister or half-blood siblings, uncle and niece or aunt and nephew; they must be 16 years of age (or 15 with written approval of the court); and neither party may have a living spouse.

Neither party may be impotent, physically incapable of marriage, or suffer from a loathsome disease. Consent of either party must not have been obtained by fraud or duress. After a license to marry has been obtained, a ceremony must be performed in the judicial circuit within three days after the issue of the license (H.R.S. Sec. 572-1).

Common-law marriage is not recognized in Hawaii (27 F. 2d 862), unless it was previously contracted in a state where it is recognized (H.R.S. Sec. 572-3).

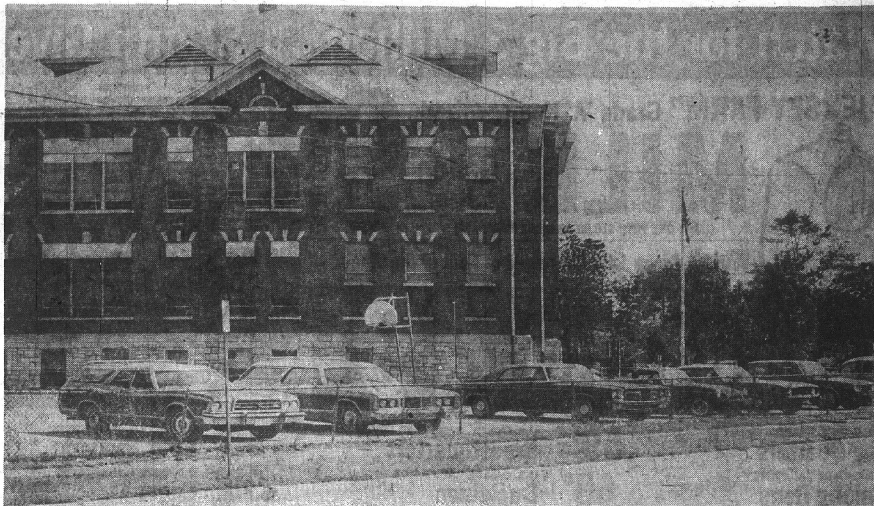

PVT. MARTIN WISER

Private Wiser is reassigned

Army Private Martin Wiser, a son of Mr. and Mrs. Robert Wiser, 2627 Washington Ave., left this week for 14 weeks training in maintenance on heavy equipment at Fort Aberdeen, Md., after spending a seven-day leave at home.

A 1977 graduate of Granite City High School South, Pvt. Wiser completed six weeks basic training at Fort Dix, N. J. After his present training he will be stationed at Fort Carson, Colo., for 16 months.

Pinup queen Farrah longs to become a great actress

By TOM SMITH

Underneath all that lacy-trimmed loveliness there's another Farrah Fawcett-Majors: a pinup queen who longs to be a great actress... a serious art student who loves to sculpture nudes... and a girl from Texas who frankly admits her racial prejudices.

In interviews, the luscious blonde star disclosed unsuspected and surprising facets of her personality — a personality that has largely been ignored because of Farrah's dazzling physical assets.

Remarkably candid, Farrah compares herself to another international sex symbol, Marilyn Monroe, noting that both of them had to struggle to prove that beautiful blondes can act.

"People have told me I'm going to be another Monroe, or a big movie star, but people have been telling me that all my life," she said.

"I would like to do films... something inside me says 'yes.'"

"I'd like people to say: 'She's really a good actress.' I think sometimes Marilyn had to contend with that. She was a glamorous, sexy lady, then they found out she was really good."

The gorgeous gray-eyed sex goddess confessed that she still retains a touch of Texas in her voice. ("I still say 'Ah' instead of 'I'")

Farrah and her husband Lee ("Six Million Dollar Man") Majors recently flew to Europe to find peace and quiet after the hullabaloo caused by Farrah's decision to quit "Charlie's Angels." Farrah, a former art major at the University of Texas, revealed she has had some of her own sculptures cast in

bronze in Italy. "I do mainly figure work and nudes, and mostly women," she said. "I have done only one life-sized piece, a reclining woman."

Farrah said she would sometimes work up to 10 hours a day for weeks at a time on one piece, "just to get it perfect."

Unfortunately, she added with disappointment in her voice, she hasn't done any sculpting for the last year due to the pressures of her career.

A quietly religious person, Farrah visited the famed Cathedral of Our Lady of the Flowers in Florence, and lit a candle before a statue of the Virgin Mary in the private chapel of the Medici family.

"I pray to different saints for different things," she confided. "When I need strength, I pray to the Virgin Mary. I need the strength to handle the problems I have at home in the states," she added, obviously referring to her legal wrangles with the producers of "Charlie's Angels" over her refusal to continue with the series.

WE FIVE CLUB MEETS AT GOBBLE RESIDENCE

The We Five Club were entertained last week in the home of Mrs. Emma Gobble, 2325 Edwards St.

Dinner was served by the hostess at 6 p.m. followed by an evening of card games.

Prizes were awarded to Avis Moore, Caroline Lux, Edith Young and the hostess. Also present was Mrs. Della Hagan, who invited the group to her home, 2530 Edwards St., on Oct. 7.

You get no refund on Social Security taxes

Q. I had earnings of \$6,304.50 for Social Security from 1951 through 1969. I am told I don't have enough quarters to obtain Social Security benefits. What happens to the money I paid in if I'm not eligible for Social Security? I reached age 62 in August of 1974. — Mrs. V.H. A.

A. The law does not provide for a refund of taxes correctly paid by the worker or self-employed person on earnings covered under Social Security even when benefits are not payable. These taxes remain a part of the trust funds from which benefits are paid.

In most cases the worker would have received, during his working life, protection for his (her) dependents of a value greater than the taxes paid. This protection would consist of disability benefits

for the wage-earner and family if he (she) became unable to work because of a disability and survivor benefits in the event of the wage-earner's death.

Q. My husband just received his first Social Security check on disability and I receive a check each month (age 65 years). He also gets a pension from the place of business where he worked.

Do we have to pay income tax on these? — Mrs. J.S. A. Social Security benefits are not taxable. Your husband's pension from his place of business probably is taxable. Check with your local state and IRS office for a proper answer.

Q. When I filed for Social Security I brought a delayed birth certificate for proof of my age. They asked me if I

had any other proof. I've never had this trouble before and I am wondering why Social Security won't accept my delayed birth certificate. — H.R.F. A. Often a person obtains a delayed birth certificate to prove where he was born, not when. Therefore, some delayed birth certificates may not be acceptable proof of age for Social Security purposes. Whether they are accept-

able or not depends on the evidence used in issuing them. If the delayed birth certificate gives reasonable evidence of when the person is born, it is acceptable as proof of age.

Q. I noticed in your column that a person born in 1920 needs 31 quarters of coverage for retirement benefits. I always thought you needed 40 quarters.

I was born in 1924. I worked 3 1/2 years in the early 1940s. I will have worked another 34 months if our county goes through with its plan to pull out of Social Security by March, 1978.

Will that be enough quarters of coverage? — I.P.H. A. No. A person born in 1924 needs 35 quarters of coverage for retirement benefits. You will have about 28 quarters by March, 1978.

Books—from royal art to Old West

THE QUEEN'S PICTURES: By Oliver Millar; Macmillan, 240 pages, \$30. The British royal family, from Charles I to Queen Victoria and beyond, spent huge sums on amassing an art collection of gigantic proportions. Millar, who was appointed surveyor of the queen's pictures in 1972, traces the history of the collection from the Tudor period onward. It is a collection of great variety; there are masterpieces by Rubens, Holbein, Gainsborough, Steen, Rembrandt, Van Dyck and scores of other great galleries — even though many of the paintings and other art objects have vanished over the centuries. (CO)

A COMPANION TO THE OPERA: by Robin May; Hippocrene, 364 pages; \$12.50. Let's face it, opera never has made it on the mass market in the United States. Joan Sutherland does not command the following — or the money — of a Barbara Streisand or Helen Reddy. But what opera might lack in the way of numbers of fans is more than made up for by fan fanaticism. In few other art forms do the devotees place their idols on higher pedestals. This book by May will be snapped up by opera buffs. It is a concise encyclopedia of the opera world — biographies of the great composers, singers and conductors. The reference work will turn many an amateur into an operatic expert. (DC)

MCCALL'S NEEDLEWORK TREASURY: by the Editors of McCall's Needlework & Crafts Magazine; Random House, 390 pages; \$8.95. Detailed illustrations and the use of color help make this one of the best of the "how to" publications in the rapidly growing field of needlework. Clothes can be handmade much cheaper than buying the finished product from a store — but it takes a lot of expertise and imagination. Money can be wasted on an unwearable dress or shirt, which is where this book steps in with step-by-step instructions, starting with basic stitches and advancing gradually into complex patterns. Fields covered include embroidery, knitting, quilts, rugs, crocheting, tatting and hand-loom weaving. (JH)

A DICTIONARY OF THE OLD WEST: by Peter Watts; Alfred A. Knopf, 399 pages; \$12.95. Peter Watts knows the West about as well as anyone, and he has come up with a delightfully entertaining and most informative volume on how they said it back 100 years ago. He'll make even a New Yorker understand a Western paperback. Examples: "lays 'em down" (dies); "gut-bucks" (spurs); "booger" (to scare); "sinks" (biscuits); and many more. There are chuckles galore in Watts' listings, all in the language of cattlemen, frontiersmen, scouts, cowboys, gamblers and other Western characters.

Healthy feet put child step ahead

By MARION WELLS
Has your child gone through a physical checkup without taking off his shoes and socks? Then he (or she) hasn't had a complete physical.

Our feet are so far from our heads their importance can easily slip our minds. Undetected, uncorrected foot problems can hobble children's social development as well as throwing their bodies off balance.

Foot specialist Elizabeth Roberts, D.P.M., says, "The child whose feet won't meet the tests of his playmates often becomes the teen-ager who is shy and hesitant to compete or to join in the fun." To find children's foot problems, parents even more

than the doctor must make it a point to stay on their toes. They have a chance to watch how their youngsters function in day-to-day activities, something the doctor doesn't see.

What's more, babies and children often can't or won't tell you when feet are bothering them. Dr. Roberts notes in her book "On Your Feet"

that a child may assume this "...is the way he's supposed to feel." And little feet are still flexible enough to be forced into shoes and socks that are too small and can therefore cause problems.

But a child's feet can talk for him if you learn their language. Possible signs of trouble include unusual clumsiness, abnormal gait, a

tendency for your youngster to trip himself or drag his feet, outward or inward toeing, bowlegs, knock-knees, a continuing limp, walking on tiptoes, or a small growth (such as a callus or corn). Repeated night cramps may mean legs are overworked from functioning improperly all day.

When a normally active child suddenly becomes noticeably less so, walks gingerly or takes every opportunity to get off his feet,

it's also possible foot problems may be at the bottom of such behavior. If your child has a foot specialist, report such signs for any necessary professional evaluation. Otherwise discuss them with your child's pediatrician so he can refer you to an orthopedist or doctor of podiatric medicine if there's cause for concern. If any close relative suffered from foot problems, say so. Early detection of foot trouble improves the chances of correction.

Family retreat help room can help save energy

By JAMES M. WOODARD
A "family retreat" area in new homes — in effect, a combination family room and kitchen eating area — is a new innovation recommended by home builders as an effective energy-saving technique.

The design concept was demonstrated in a recently completed "energy-efficient residence," built under contract with the Department of Housing and Urban Development by the Research Foundation of the National Association of Home Builders.

The family retreat area can be completely closed off from the living room by large double doors. It includes a highly efficient fireplace unit with glass doors that can be closed to prevent heat loss up the chimney.

The fireplace uses outside air for combustion. Incidentally, it's interesting to note that more heat is lost than gained in most traditional fireplaces.

"The family retreat, if used to its highest potential, could save a family a substantial amount in heating costs over the years," it was pointed out by Donald Luebs, the engineer who headed the special design-building project.

"During the cold winter months, a family could light a fire and turn down the thermostat for the rest of the house."

The family retreat, in the pilot project, also has the best view. Large triple-glazed windows overlook the backyard.

Facing south, the windows allow for solar gain during winter months while broad leaf trees and a two-foot roof overhang provide shade during summer months. All windows have insulated draw drapes.

The total-house, incorporating a variety of energy-saving concepts and techniques, is expected to consume from a third to half the energy normally expended by a comparable three-bedroom single-family home.

"We designed and built this home to measure whether it provides a practical and economical approach to energy conservation," said Ralph Johnson, president of the Research Foundation of NAHB. Preliminary estimates indicate that additional construction costs for this type of house will run about \$3,000. However, the special energy-saving products and techniques are cost-effective. That is, they'll pay for themselves within a reasonable period of time due to savings in energy costs.

The "energy-efficient residence" is the latest major energy conservation project undertaken by organized real estate. NAHB has been stepping up their research and development in the field, and has recently published a variety of booklets for their builder members, pointing out new energy-saving techniques in home construction.

The Realtors, through the National Association of Realtors, are also active in the "save energy" swing. They recently launched a nationwide campaign to instruct home owners how to conserve energy in their existing homes.

Q. Is it true that "some buildings use 'body heat' to warm the interior space?"
A. At least one building, the new AT&T headquarters in New Jersey, uses facilities designed to circulate warm air generated by employees (body heat) and office equipment.

The average person, they point out, gives off 350 BTUs per hour. That's about the same as a 100-watt light bulb. About 2,000 office workers are employed in the building. That's a lot of heat generation. Why not use it, they reason.

Q. Is solar energy a good idea for any house?
A. No. Some houses are too small to make it practical to install solar energy equipment.

The North Venice-West Madison Community Choir will celebrate their fifth year anniversary on Sunday, Sept. 11, at 3:30 p.m. in the sanctuary of the Greater Bethel A.M.E. Church, located at 1035 Market St., Madison, where Rev. Sammy L. Hooks, is host pastor. The Community Choir is extending an invitation to the public to attend the occasion. Many invited guests will appear at this service, to help us observe five years of christian service to the community, according to Vivian McHenry,

dessert course and presented each one present with a packet in mirror as favor. Others attending were Mesdames Bertha Pace, Sybil Robbs, Ann Hartman, Grace Grimes, Rhea Suenete, Vivian McKinney, Mamie Ponce, Elenora Weber, Hazel Painter, Ann Boelling, Hazel Pozniah, Bessie Snell, Nora McCoid and Madonna Groshong.

Seeding date best defense against Hessian Fly problem

By RON CORNWELL
Extension Farm Adviser
The Hessian Fly population was low in Madison County this year.

Farmers who think Hessian Fly might be a problem during the coming year should follow the steps listed below.

First, destroy all volunteer wheat by mid-September. Second, seed wheat on or after fly-free date which is October 7.

9 for Madison County. If you do seed early, use a resistant variety. Soft wheats like Abe, Arthur 71, Beau or Oasis are resistant. The Hessian Fly continually develops new races which can become resistant to the new varieties. That's why it is best to observe fly-free date even if you are using resistant varieties.

A recent Kansas State University survey shows that, for the amount of time a farmer spends on it, the combine is the leading cause of farm injuries. Nearly one-half of all accidents noted in the survey are caused by combines.

Moving parts, farmer fatigue and anxiety during the crucial harvest season all play a part in making the combine a hazard. Pulleys, sprockets and gears

are prime places for hand injuries. And the necessity of climbing a ladder to get on a combine increases the possibilities for falls.

Because most combine accidents result from falls, wear boots or shoes with nonskid soles during harvest season.

+++

The U.S. Environmental Protection Agency will begin reviewing rules and benefits of pesticides containing "nitrosamine" impurities, considered possible cancer agents.

The review will begin by Oct. 1, EPA officials announced, and does not mean the products will

be automatically withdrawn from the market.

Madison County farmers should be aware of the proceedings because one of the products is Treflan, a widely used herbicide produced by the Elanco Division of Eli Lilly Company.

Others are Tryban 200 and Benaz 1261, industrial weed killers made by DuPont and Amchem Products, Inc.

The nitrosamines occur naturally in air, soil and water. They also occur in pesticides as a result of manufacturing processes or from chemical reactions. Most human exposure to them comes from

cigarette smoking or eating cured meats, like bacon.

Pesticide manufacturers have submitted samples to the EPA for testing.

The review was prompted by a petition from some Congressmen and farmworker groups, asking for an immediate halt of production, sale and use of Treflan, Tryban and Benaz.

The nitrosamines occur naturally in air, soil and water. They also occur in pesticides as a result of manufacturing processes or from chemical reactions. Most human exposure to them comes from

GRANITE CITY PRESS-RECORD
Thurs., Sept. 8, 1977 Page 25

Treflan is the most widely used of the three herbicides. Illinois farmers use it on soybeans. However, it can be used on cotton, beans, peas, peppers, sugar beets and tomatoes. Some 24 to 30 million acres are treated with it each year.

Eli Lilly Co. already has informed EPA officials that it has changed its manufacturing process to reduce the nitrosamine content.

The highest producing herds in Madison County Dairy Herd

Improvement Association in July are owned by Ray Bertels, Waldo Keilbach, Becker Farms, Eugene Meffert, Henry Zedler, Heesbe Farms, Inc., Marvin Stille, Granada, Paramount Farm, Vernon Warnecke, Vernon Hiltz, and Carl Baumann.

The herd of Ray Bertels was high for the month with 1.81 pounds butterfat per cow per day. The Bertels herd averaged 50.5 pounds milk per cow per day with an average butterfat test of 3.63.

Dorcas Moore of Sheffield has become the first woman park ranger in Illinois.

+++

The Cedarhurst Craft Fair, Sept. 10-11 in Mt. Vernon, will feature Japanese-American and Yugoslavian-American artists, performers and craftsmen thanks to the Illinois Arts Council's new ethnic arts program. The fair is open to the public and is free.

+++

Sponsors of child care programs can learn how to apply for some of the \$4 million in federal funds for such programs in Illinois at 12 workshops scheduled for September and October by the Illinois Office of Education, the IOE, Springfield 62777, says.

U.S. History in stamps told in postal booklet

"Stamps and Stories," a 240-page paperback that tells "the exciting saga of U.S. History in postage stamps," will go on sale at the Granite City, Madison and Venice post offices this month, according to an announcement by the area postmasters.

The book illustrates more than 2,000 regular and commemorative stamps in color, lists 1978 stamp values, and relates more than 100 illustrated stories of highlights in history that have been portrayed on stamps.

Among these are stories on presidents George Washington, Abraham Lincoln, Harry S. Truman and John F. Kennedy; statesmen like Benjamin Franklin, Alexander Hamilton, Henry Clay and George C. Marshall; explorers like Daniel Boone, John C. Fremont and James Marquette; and war heroes like Oliver Hazard Perry and David Glasgow Farragut.

There are chapters on World War II, the discovery of America, the coming of the railroads, the story of steam, and important dates in the U.S. Mail.

Charged in hit-run mishap

Karl Chism, 21, of 2557 Madison Ave., was charged with leaving the scene of an auto accident and with disorderly conduct after an accident at 1:45 a.m. Wednesday in the 2200 block of Washington Avenue.

Dennis Rainey, 2254 Washington Ave., contended a southbound auto struck his parked car and then left the scene. A passenger in the hit-and-run vehicle got out in the same block and walked to a nearby taxicab stand.

Police identified William Earhart of the 2200 block of Washington Avenue as the passenger. Earhart said after the auto in which he was a passenger struck the parked car and continued south, he asked the driver to let him out of the car. The driver complied and Earhart walked to the taxi stand and called police to notify them of the accident.

While police were at the scene taking the accident report, the

There's a chapter describing the program begun two years ago by the Postal Service to coordinate stamp clubs into schools. More than 4,000 such clubs already have been set up.

There's also a philatelic glossary for those who are not quite sure what such terms as "cut squares" and "rouletteing" mean.

Other sections deal with specialty collecting, postal stationery, philatelic gifts, and plate block, sheet and first-day cover values.

This is the fourth edition of the book first published for the U.S. Postal Service in 1972 by the editors of Scott Publishing Co., the nation's oldest printer of stamp catalogs.

The new edition has more pages, more features, and a preview of the two 1977 Christmas stamps.

There is no need to be a stamp collector to enjoy this book, the postmasters said. It's an interesting reading for all, and a concise reference on our country's history, they added.

The pocket-size edition is available for \$3.50.

Picnic and chicken —they go together

By MARJORIE RICE

The picnic gets its name from the French "pique-nique," (to pick up a trifle), but some picnics are far from trifling.

Whatever the menu, be sure to pack plenty. There's something about eating outdoors that puts an edge on appetites.

When picnicking, remember to keep hot foods hot and cold foods cold. Fried chicken should be chilled immediately after it leaves the frying pan. Carry it in an insulated container so it remains cold, preferably below 40 degrees.

Meat — especially ground meat — should be kept cold until they go onto the grill. The U.S. Department of Agriculture warns that 60 to 125 degrees is the "danger zone" for food — the temperature at which bacteria grow quickly. For safety, keep hot foods at 140 degrees or hotter, and cold foods at 40 degrees or lower.

Classic recipes here should get you well on the way to an outdoor feast.

BASIC FRIED CHICKEN

1 broiler-fryer chicken, cut into pieces

1/2 cup flour

1 tsp. salt

1 tsp. paprika

1/2 tsp. pepper

Shortening or oil

Mix dry ingredients in plastic or paper bag. Rinse chicken in cold water; shake off excess but don't dry chicken. Drop 2 or 3 pieces at a time in flour mixture; shake until coated.

Place chicken on a rack and allow to dry for about 30 minutes. Sprinkle moist spots with more flour before frying. Heat about 1/2 inch of oil in a large skillet over medium sized in oil. Place chicken side down in pan. Turn pieces to brown evenly; reduce heat to medium low; cover and cook until tender (about 30 minutes). Drain on absorbent paper. Refrigerate immediately.

OVEN-FRIED LEMON CHICKEN

13-lb. broiler-fryer, cut into pieces

1/2 tsp. each, salt, onion salt, thyme and marjoram

2 tps. grated lemon peel

One-third cup fresh lemon juice

1/2 cup water

Lemon quarters, paprika and fresh snipped parsley for garnish

Sprinkle chicken with salt, rubbing well into skin. Place chicken in shallow baking pan, skin side down. Combine remaining ingredients (except for garnish) and pour over chicken.

Bake, uncovered, at 400 degrees for about 40 minutes. Turn chicken and continue baking, basting with pan drippings once or twice until chicken is done and skin is crisp, about 35 minutes.

Dust one side of a lemon quarter with paprika. The other with parsley. Garnish chicken with decorated lemon quarters.

COLE SLAW WITH SOUR CREAM DRESSING

4 cups finely shredded cabbage

1/2 cup sour cream

1/2 tsp. mustard

1 tsp. paprika

1 tbsp. lemon juice or vinegar

Salt, pepper to taste

Combine sour cream with remaining ingredients and blend. Add cabbage and toss lightly until shreds are coated. If a more tart dressing is desired, add a little more vinegar or juice. Makes six servings.

PIQUANT GREEN BEAN SALAD

2 (10-oz.) packages frozen green beans

1/2 cup wine vinegar

1/2 cup oil

1 tsp. each, dill weed and lemon juice

1 tsp. salt

1/2 tsp. pepper

1/2 cup finely chopped onion

One-third cup chopped peanuts

Cook frozen beans according to package directions. Cool; combine vinegar, oil, dill weed, lemon juice, salt and pepper. Mix well. Toss together beans, onions and wine-oil mixture. Cover tightly and marinate overnight. Just before serving, stir in peanuts. Makes six to eight servings.

TROPICAL APPLE SALAD

1 cup diced unpared red apples

1 cup diced yellow apples

1 large banana, peeled and sliced

1/2 cup sliced celery

1/2 cup broken walnuts

1/2 cup flaked coconut

1/4 cup mayonnaise or salad dressing

1 tsp. sugar

1/2 tsp. lemon juice

Dash salt

1/2 cup whipping cream, whipped

Combine apples, celery, banana, walnuts and coconut. To prepare dressing, blend together mayonnaise, sugar, lemon juice and salt. Fold whipped cream into mayonnaise mixture; fold into apple mixture. Chill. Spoon salad over romaine; garnish with sliced apples. Serves six.

For dessert you can go plain or fancy. Simple fresh fruit, such as watermelon wedges, fresh peaches, plums or other fruits of summer, makes an easy carry-along dessert.

Or you can try this peppermint ice cream. Package it in an insulated carrier.

PEPPERMINT FREEZE

3 eggs, separated

1 can sweetened condensed milk

2 tps. grated lemon peel

One-third cup fresh lemon juice

3 tps. crushed peppermint candy.

BLUEGRASS MUSIC will fill the air at the Mitchell Fall Festival Saturday as the City Farmers Bluegrass

Band performs. The festival opens tomorrow and will run through Sunday evening.

18th Mitchell Festival opens Friday evening

By VALERIE EVENEDEN
Press-Record Staff Writer
Nashville recording star and songwriter Dewayne Orender, a former Granite City resident, and popular country-western singer Nick Nixon will headline an extensive program of entertainment to be offered patrons from this weekend at the 18th annual Mitchell Fall Festival, sponsored by the Mitchell Athletic Association.

The festival starts at 6 p.m. Friday and continues until midnight. Harry Breckner, association president, advised. Operating hours on Saturday and Sunday will be from 1 p.m. until midnight on both days.

Midway rides, concession stands and "outstanding" musical entertainment will be staged at the festival site, located on the St. Elizabeth parish grounds at Greenway Village, between Interstate 270 and East Chain of Rocks Road, in Mitchell.

Discount tickets for the midway rides, costing 30 cents each, may be obtained in advance of the festival's opening time at Gene's Barbershop, Inn Between, Donaldson's Cafe, E. and L. Quick Shop and the Mitchell Tavern.

Rides without a discount ticket will cost 50 cents. All rides will be reduced to 30 cents during a kiddies' matinee session from 2 p.m. to 5 p.m. Saturday, Breckner said.

A weightlifting exhibition, dancing, singing and baton twirling also will be spotlighted at various times during the three-day event, the officer noted.

Barbecue pork steaks, fried chicken and fish, either in sandwich form or dinner plates, will be sold at the festival.

A beer garden, also will be in

operation for adults only, according to Breckner, who is being assisted in arranging the event by special committees of citizens under the leadership of Al Hallett, Myron Merz and Alice Feber.

Last year, a crowd of over 5,000 persons attended the festival on Saturday only, the officer said.

Although no admission will be charged into the festival grounds, a \$1 fee will be asked for parking each car.

In addition to the midway rides, concession stands, and games' booths, Joey James and his Band will provide music from 8 p.m. until midnight on Friday.

Two complete shows may be viewed on Saturday evening. Dewayne Orender and his group from Nashville, Tenn., will perform at 9 p.m. and 11 p.m., and the City Farmers Blue Grass Band from St. Louis and Fiddleman Cool Brooks from Hog Wallow, Ark., will appear in shows at 7:30 p.m. and 10 p.m. Saturday.

Orender was born and reared in Granite City and operated a clothing store here before he began a steady climb in the music world.

He has had 23 songs recorded in the past 20 months by major artists. Orender is now signed to a recording contract by RCA and has three discs to his credit. The first, "If You Want to Make Me Feel at Home," climbed to Number 49 on the national charts.

Nick Nixon, whose single record, "Love Song and Romance Magazine," currently is Number 6 on the country-western charts in the St. Louis metropolitan area, performs at the Downsput Lounge on

Lindell Boulevard, St. Louis, when not on tour.

He will appear from 7 p.m. to 11 p.m. Sunday at the Mitchell festival, accompanied by his group, Country Soul Band.

Other activities on the festival agenda include a weight lifting demonstration at 1 p.m., Saturday, featuring Tom Stock of Belleville, champion in the super heavy-weight class of the Mississippi Valley Association. Stock is the former Illinois state champion in shotput while at high school and college. Four other weight lifters are scheduled to exhibit their skills in the demonstration.

At 2 p.m. Saturday, students from the National School of Music in Granite City will present a band program.

Beside the musical entertainment during the evening hours, Sunday's program will be initiated at 1 p.m. with the presentation of trophies to members of the boys' baseball and girls' softball teams. All are sponsored by the association.

The Jerry Green Dance Studio will perform a special show at 2 p.m. Sunday, and at 3 p.m., a demonstration of baton twirling artistry and dance will be offered by pupils from the Yount School of Baton.

Local youth organizations and service clubs will sponsor concession stands, including Mitchell PTA and Boosters of Granite City High School North. Mitchell Athletic Association sponsors more than 500 girls on softball teams and 250 boys in

Veterans' office advising students

The Office of Veterans Affairs at Southern Illinois University at Edwardsville will be open during fall quarter registration Sept. 15, 16, 19 and 20 at the university.

Experienced Counselors will be available from 8:20 a.m. to 7 p.m. during registration to answer questions concerning veterans' regulations and procedures, registration and financial aid.

The veterans' office is now located in the Rendleman Building, Room 3216, and counselors are available daily from 9 a.m. to 5 p.m.

Both the Illinois Veterans Scholarship and GI Bill are available to qualified veterans returning to school. Any interested veterans may contact Veterans Services at 688-3350.

Applications for admission to fall quarter classes are still being accepted by the university.

baseball. The membership also sponsors seven girls' soccer teams and 10 boys' teams, two flag football teams, 12 basketball squads for boys and girls and baseball teams for adults.

All proceeds from the festival are used to continue the supportive efforts of the non-profit organization, with the well-being of the youthful participants as its primary objective, Breckner stated.

DEWAYNE ORENDER, a former Granite City resident, is rapidly gaining national recognition as a writer and singer of country and western music. Orender will appear Saturday at the Mitchell Fall Festival.

GOSPEL MISSION SERVICES TONIGHT

The Rev. Everett Hopkins of Maryville, Ill., will be the guest speaker at 7 p.m. today at the Gospel Mission, 2014 E. 20th St. The public is invited to attend. At 7 o'clock services Sunday evening, the Rev. Carroll Thomas of Saugei will be the principal speaker. He is a former state chaplain of the Gideon Society. Church school classes are held at 9 a.m. Sunday.

TEXTBOOK ISSUANCE SCHEDULE AT SIUE

Students attending SIUE during the fall quarter may pick up their textbooks beginning Sept. 20. The fall quarter book issue schedule for on-campus courses will be: Sept. 20, 21, 22 and 23 from 8 a.m. until 5 p.m.; Sept. 24 from 8 a.m. until noon; Sept. 26, 27, 28 and 29 from 8 a.m. until 8:30 p.m.; Sept. 30 from 8 a.m. until 5 p.m.; Oct. 1 from 8 a.m. until noon; and Oct. 3 and 4 from 8 a.m. until 8:30 p.m.

After Oct. 4, Textbook Service will return to regularly scheduled hours. The office is located in the basement of Lovejoy Library on the main campus. Fall quarter classes will begin Sept. 26 at 7:30 a.m.

UNDERCOATING—RALPH'S TEXACO 22ND & MADISON AVE.

MID-WEEK SERVICES

Midweek services of the Church of God Family Training Hour will be held at 7:30 p.m. today in the Full Gospel Church, Orville and Vine avenues, and will feature a program presented by Tim Tice, "Soldiers for Christ," performed by puppets.

Players prepare 'King and I'

Many and varied jobs are connected with the theater, in addition to the onstage performance. Dan McGee, president of the East Bank Players, remarked this week in announcing the theatrical group will stage "The King and I" in November.

"We are seeking participation of adults from the Quad-City area in all phases of our group's activities," he said. The East Bank Players, the local community's amateur theatrical company, is now preparing for its major production of the 1977 season — "The King and I."

"There is much more to community theater than just the onstage activities," McGee stressed. "We need people interested in design and building of sets, lighting and sound, costuming, publicity, ticket-taking and other behind-the-scenes jobs that are equally as important as performing."

Membership is open to all area residents who are interested in the theater.

Information concerning membership and details for those willing to help in the various job slots may be secured by calling 831-2653, or by writing to: East Bank Players, P.O. Box 43, Granite City, Ill. 62040.

"We wish to continue to give the residents of this area a chance to experience live theater, either as active participants or as members of the audience," McGee said.

"To carry out this goal, the Players need the support of the community."

McGee noted the Granite City-chartered group recently was recognized as a non-profit organization by the Internal Revenue Service.

Both counselors said the meetings are structured to be fun, as well as informative and helpful.

Primary content of the sessions is a sharing of parental experiences, with the major objective being an increased appreciation and sensitivity to family relations, Haug explained.

The day group will hold its initial meeting from 9 a.m. until 10:30 a.m. Thursday, Sept. 22, in Room 29.

The evening group will start its series of meetings on Monday, Sept. 26, from 7 p.m. to 8:30 p.m.

Further information concerning the program may be obtained from Mrs. Eubanks or Haug at 876-8656.

MICHAEL LEMP IS HOME FROM HOSPITAL

Michael K. Lemp, 2-year old son of Mr. and Mrs. James Lemp, 1316 Nameoki Road, has returned home from St. Elizabeth Hospital.

The youngster was admitted to the hospital on Aug. 28 for observation, according to the family.

Both counselors said the meetings are structured to be fun, as well as informative and helpful.

College credit courses on TV

KETC-TV, Channel 9, will broadcast college credit courses beginning at 9 a.m. Saturday, Sept. 17. The courses provide an alternative mode of instruction for the student unable to attend courses on campus.

Three courses, Accounting I at 9 a.m., Introductory Psychology at 10 a.m., and Values and Moral Development at 10:30 a.m., are being offered through the University of Mid-America.

For information on enrollment, Quad-Cityans may call the University of Missouri-St. Louis toll free, at 1-800-592-0536.

A Public Broadcasting Service series, "The Age of Uncertainty," hosted by economist John Kenneth Galbraith, will be offered for college credit through both UMSL (433-5370) and Southern Illinois University at Edwardsville (692-2125).

SIUE will also offer Parent Effectiveness Training, a not-for-credit course beginning at 8 a.m. Saturday, Oct. 8; for information, Quad-Cityans may call Bonnie Little at 692-2660.

A combined educational grant has been awarded to Eden Theological Seminary and Webster College by the Jewish Chautauqua Society in New York. The grant will make possible two courses dealing with Jewish-Christian relations.

The courses, planned coordinately by Eden Seminary and Webster College, will address a broad range of inter-faith questions and will be specifically concerned with the meaning of the Holocaust for contemporary faith.

Offer new master's degree

St. Louis University will offer a new master's degree program in public administration this fall.

The master of arts in public administration degree is a 36-hour, multi-disciplinary program designed for career civil servants and students interested in preparing themselves for careers in public service at the national, state or local levels.

Core courses in the program focus on issues and problems confronting public administrators. Elective credits will allow students to con-

centrate on chosen areas.

The MAPA program is aimed at developing research skills, and management principles and techniques. It will incorporate the study of human institutional values, social-economic political behavior and special administrative areas.

Further information about the program can be obtained by writing to: Professor Kenneth F. Warren, MAPA Program, Department of Political Science, St. Louis University, St. Louis, Mo., 63103.

GET A YEAR END DEAL NOW ON VOLARE

SUCCESS FOR SALE

CHRYSLER Plymouth

Volare 4-door
America's roomiest compact.

Volare 6-cylinder
29 MPG HWY 20 MPG CITY
EPA ESTIMATES

With EPA mileage numbers like that, it's no wonder Volare's Slant Six 225 with 1-bbl. and manual transmission is such a success! Of course your mileage may differ depending on your driving habits, your car's condition, and optional equipment. But now you really get a value because you get Volare Slant Six and a great year end deal too!

Volare 4-door successfully provides big room and comfort in a convenience-sized smaller car. And your dealer now has great year end deals. What better time to buy Volare than now?

Congressmen, senators from state show independence in their voting

By ROBERT ESTILL
Press-Record

Washington Bureau
Senators Charles Percy and Adlai Stevenson do not fit the voting mold established so far this year by their Illinois colleagues in the House.

An analysis of voting records compiled by Congressional Quarterly, an independent weekly publication, shows:

—Both Stevenson, a Democrat, and Republican Percy have been far more supportive of President Carter than the 24 Illinois representatives or Congress as a whole.

—Stevenson and Percy are far less supportive of issues backed by the conservative coalition of Republicans and Southern Democrats than the Illinois delegation or Congress as a whole.

—The Illinois Democrat is more inclined than his cohorts to follow the Democratic line on "party unity" votes, while Percy votes with his party far less frequently than the average senator or representative.

Stevenson supported Mr. Carter on 86 per cent of 66 issues selected by CQ and opposed him on eight per cent. The average among Senate Democrats was 68 per cent of the votes for and 23 per cent against the administration.

Percy voted with the administration on 62 per cent of the selected votes, and against it on 21 per cent. Among Senate Republicans, the average was 50 per cent for and 41 per cent opposed.

Stevenson and Percy each supported the conservative viewpoint 21 per cent of the time on 77 Senate votes where a conservative coalition of Republicans and Southern Democrats was pitted against Northern Democrats.

Sen. Stevenson supported the party line on 73 per cent of 154 "party unity" votes and opposed it on 12 per cent. Among Senate Democrats, the average was 67 per cent for the party position, and 22 per cent against it.

Percy voted with Republicans on only 29 per cent of the "party unity" votes, and opposed the stance taken by the majority of the Senate Republicans on 56 per cent of the votes. The average among Senate Democrats was 68 per cent for the party position, and 26 per cent against it.

One thing Percy and Stevenson have in common with their Illinois colleagues in the House is a below average record for attendance.

Percy was listed as voting "yes" or "no" — "present" did not count — on 84 per cent of 345 recorded votes, while Stevenson scored an 86 per cent. The average for Senate Democrats and Republicans was 89 per cent.

In the House, the average Republican voted on 92 per cent of 482 recorded votes, and his Democratic counterpart voted 90 per cent of the time.

There are some statistical standouts in the Illinois U.S. House delegation.

Rep. Tom Corcoran, a Republican freshman from Ottawa, is noteworthy in several respects.

He has the best attendance record, 99 per cent. Rep. Sidney Yates, D-Chicago, has the second-best record, 98 per cent.

Rep. Thomas Railsback of Moline has the worst attendance record among Illinois Republicans, 77 per cent; while that dubious distinction for Illinois Democrats goes to Melvin Price of East St. Louis with a 65 per cent rating. However, Rep. Price had no chance to vote on a number of issues due to surgery this year.

Corcoran voted with the conservative coalition even more frequently than Rep. Philip Crane, the Mt. Prospect Republican who chairman of the American Conservative Union.

Corcoran voted with the conservative coalition on 94 per cent of 111 House votes, compared to 89 per cent for Crane. Rockford Rep. John Anderson and Railsback are the least conservative Illinois Republicans, with percentages of 40 and 45 per cent, respectively, for conservative coalition issues.

Among Democrats, Chicagoan Mary Russo is the most conservative (41 per cent for the coalition), and Abner Mikva of Evanston is the least conservative (six per cent for the coalition).

As a group, the Illinois delegation backed the coalition on 47 per cent of the votes and opposed it on 43 per cent.

When it comes to following GOP line, Corcoran and Crane are the leaders among Illinois Republicans; they each voted for 89 per cent of 201 House "party unity" votes.

Anderson, the third-ranking House Republican as the GOP Conference chairman, and Railsback supported the GOP position less frequently than any other Illinois Republican.

Railsback voted the party position on 43 per cent of the 201 votes, and Anderson took the party stance 45 per cent of the time.

Among Illinois Democrats, Yates supported the party position most frequently (87 per cent), and George Shipley of Olney voted with fellow Democrats the least frequently (63 per cent).

As a delegation, the average Illinois representative backed his party's position 71 per cent of the time. The average for all House Democrats was 68 per cent, while the average for all Republicans was 72 per cent.

Rep. Edward Madigan, R-Lincoln, gave President Carter more support than any other Illinois Republican. He voted with Mr. Carter on 89 per cent of 89 House votes selected by CQ.

The Republican least supportive of the President was Crane, who supported Mr. Carter on 21 per cent of the votes and opposed him on 72 per cent.

The Democrat least sup-

portive of Mr. Carter was Shipley, who voted with the administration on 41 per cent of his ballots and against it by the same percentage.

Democrats most supportive of the President were Paul Simon of Carbondale and Chicagoans John Fary and Frank Annunzio. They each voted with the administration on 78 per cent of the selected votes.

As a delegation, the 24 Illinois representatives supported Mr. Carter on 55 per cent of the votes and opposed the administration on 36 per cent of the votes.

The average for all House Democrats was 62 per cent in favor of administration positions and 29 per cent against, while the average among all House Republicans was 42 per cent for the administration and 51 per cent against.

Cong. Price of this district voted with the President 56 per cent of the time and supported his party on 82 per cent of the votes.

Dr. Wilkins Sr. to be honored at homecoming

A special tribute to Dr. George T. Wilkins Sr. will highlight the second annual Wave and Wolf Lake, Ill., homecoming which will be held Sunday, Sept. 18.

Dr. Wilkins is a former resident of Wolf Lake and was instrumental in organizing the high school. He was active in athletics, especially baseball and basketball.

In the educational field, Dr. Wilkins rose from a rural school teacher to Illinois State Superintendent of Public Instruction.

Dr. Wilkins taught at Wolf Lake elementary and high schools from 1929 until 1939 and taught in the Thebes School District from 1939 until 1943.

He was Madison School superintendent from 1943 until 1947 and served as Madison County Superintendent of Schools from 1947 to 1958, and then became state superintendent.

Dr. Wilkins retired in 1971 as Professor Emeritus of Southern Illinois University Edwardsville.

The homecoming will be held at the Wolf Lake elementary school and will begin at 12:30 p.m.

Those planning to attend should take a food basket and table service, according to Mrs.

ALBERT G. DeGEARE, 32, of 2923 Buxton Ave., who was killed in a 40-foot fall at Granite City Steel Tuesday morning. Funeral services were to be held at 11 a.m. today at the Second Baptist Church here, with graveside services at 2:30 p.m. at Roselawn Cemetery, Crystal City, Mo.

COLLECTS FOR DYSTROPHY David Davis, 2307 Logan Ave., reported earlier this week that he collected \$31 for the Jerry Lewis Muscular Dystrophy program. Working alone young Davis solicited the contributions from door to door in his neighborhood Monday.

DR. G. T. WILKINS SR.

Edith Rendleman, chairman of the event. Drinks will be provided.

The program will include gospel singing, shooting matches, horse rides, greased pig contest and a dunking machine.

Former students and teachers associated with Dr. Wilkins are urged to attend.
